Chivalry And Exploration 1298 163:

Chivalry and Exploration, 1298-1630 Jennifer Robin Goodman, 1998 The literature of medieval knighthood is shown to have influenced exploration narratives from Marco Polo to Captain John Smith Explorers from Marco Polo to Captain John Smith viewed their travels and discoveries in the light of attitudes they absorbed from the literature of medieval knighthood Their own accounts and contemporary narratives reinforced by the interest of early printers reveal this interplay but historians of exploration on the one hand and of chivalry on the other have largely ignored this cultural connection Jennifer Goodman convincingly develops the idea of the chivalric romance as an imaginative literature of travel she traces the publication of medieval chivalric texts alongside exploration narratives throughout the later middle ages and renaissance and reveals parallel themes and preoccupations She illustrates this with the histories of a sequence of explorers and their links with chivalry from Marco Polo to Captain John Smith and including Gadifer de la Salle and his expedition to the Canary Islands Prince Henry the Navigator Cort s Hakluyt and Sir Walter Raleigh JENNIFER GOODMAN teaches at Texas A M University

The Atlantic in Global History Jorge Canizares-Esguerra, Erik R Seeman, 2017-09-05 The Atlantic in Global History is a collection of original essays by leading authors that both introduce the main themes of Atlantic history and expand the category of the Atlantic chronologically spatially and methodologically Moving away from the nation state focused model of Atlantic history this book emphasizes the comparisons among national experiences of the Atlantic Meanwhile by extending beyond the early modern period and into the nineteenth and twentieth centuries it presents the continued analytical value of the Atlantic paradigm Each chapter explores the events that formed the nations and cultures of the Atlantic region and examines the Atlantic s relationship with non Atlantic communities This second edition is updated with a new introduction which includes a section dedicated to developments in the field since the publication of the previous edition and a new guide for instructors with suggestions for classroom use The volume s broad global and chronological coverage makes it an ideal book for students and lecturers of Atlantic History

Robin Hood and the Outlaw/ed Literary Canon Lesley Coote, Alexander L. Kaufman, 2018-08-06 This cutting edge volume demonstrates both the literary quality and the socio economic importance of works on the matter of the greenwood over a long chronological period These include drama texts prose literature and novels among them children s literature and poetry Whilst some of these are anonymous others are by acknowledged canonical writers such as William Shakespeare Ben Jonson and John Keats The editors and the contributors argue that it is vitally important to include Robin Hood texts in the canon of English literary works because of the high quality of many of these texts and because of their significance in the development of English literature

A Cultural History of Women in the Middle Ages Kim M. Phillips, 2015-04-02 The medieval era has been described as the Age of Chivalry and the Age of Faith but also as the Dark Ages Medieval women have often been viewed as subject to a punishing misogyny which limited their legal rights and economic activities but some scholars have claimed they enjoyed a rough and

ready equality with men The contrasting figures of Eve and the Virgin Mary loom over historians interpretations of the period 1000 1500 Yet a wealth of recent historiography goes behind these conventional motifs showing how medieval women s lives were shaped by status age life stage geography and religion as well as by gender A Cultural History of Women in the Middle Ages presents essays on medieval women s life cycle bodies and sexuality religion and popular beliefs medicine and disease public and private realms education and work power and artistic representation to illustrate the diversity of medieval women s lives and constructions of femininity The Atlantic in Global History Jorge Cañizares-Esguerra,Erik R Seeman,2016-11-03 This reader composed of original essays by leading authors expands the category of the Atlantic chronologically spatially and methodologically It firmly places the Atlantic within global history and the coverage expands into the nineteenth and twentieth centuries The essays present events that formed the nations and cultures of the Atlantic region and show their global roots and how they intertwine with non Atlantic communities of the world *Malory's Morte D'Arthur C.* Batt,2016-04-30 This study innovatively explores how Malory s Morte D Arthur responds to available literary vernacular Arthurian traditions which the French defined as theoretical in impulse the English as performative and experimental Negotiating these influences Malory transforms constructions of masculine heroism especially in the presentation of Launcelot and exposes the tensions and disillusion of the Arthurian project The Morte poignantly conveys a desire for integrity in narrative and subject matter but at the same time tests literary conceptualizations of history nationalism gender and selfhood and considers the failures of social and legal institutionalizations of violence in a critique of literary form and of social order *Ideas of Chinese Gardens* Ursula Weiser,2015-12-04 Europeans may be said to have first encountered the Chinese garden in Marco Polo s narrative of his travels through the Mongol Empire and his years at the court of Kublai Khan His account of a man made lake abundant with fish a verdant green hill lush with trees raised walkways and a plethora of beasts and birds took root in the European imagination as the description of a kind of Eden Beginning in the sixteenth century permanent interaction between Europe and China took form and Jesuit missionaries and travelers recorded in letters and memoirs their admiration of Chinese gardens for their seeming naturalness In the eighteenth century European taste for chinoiserie reached its height and informed observers of the Far East discovered that sophisticated and codified design principles lay behind the apparent simplicity of the Chinese garden The widespread appreciation of the eighteenth century gave way to rejection in the nineteenth a result of tensions over practical concerns such as trade imbalances and symbolized by the destruction of the imperial park of Yuanming yuan by a joint Anglo French military expedition In *Ideas of Chinese Gardens* Bianca Maria Rinaldi has gathered an unparalleled collection of westerners accounts many freshly translated and all expertly annotated as well as images that would have accompanied the texts as they circulated in Europe Representing a great diversity of materials and literary genres Rinaldi s book includes more than thirty five sources that span centuries countries languages occupational biases and political aims By providing unmediated firsthand accounts of the testimony of

these travelers and expatriates Rinaldi illustrates how the Chinese garden was progressively lifted out of the realm of fantasy into something that could be compared with and have an impact on European traditions **Mirror of the World** Meg Roland,2021-07-28 In the late fifteenth century the production of print editions of Claudius Ptolemy's second century Geography sparked one of the most significant intellectual developments of the era the production of mathematically based north oriented maps The production of world maps in England however was notably absent during this Ptolemaic revival As a result the impact of Ptolemy's text on English geographical thought has been obscured and minimalized with scholars speculating a possible English indifference to or isolation from European geographic developments Tracing English geographical thought through the material culture of literary and popular texts this study provides evidence for the reception and transmission of Ptolemaic based geography in England during a critical period of geographic innovation and synthesis one that laid the foundation for modern geographical representation With evidence from prose romance book illustration theatrical performance cosmological ceilings and almanacs *Mirror of the World* proposes a new interdisciplinary literary and cartographic history of the influence of Ptolemaic geography in England one that reveals the lively integration of geographic concepts through narrative and non cartographic visual forms *Cumulated Index to the Books*,1999 **Humanities Index**,2002 [Book Review Index](#),2001 Every 3rd issue is a quarterly cumulation [L'humour et le savoir des corps](#) Guillemette Bolens,2016 Cet ouvrage propose de développer les moyens de rendre compte d'un humour qui relève de dynamiques corporelles en interaction telles qu'elles s'actualisent dans la lecture d'une oeuvre littéraire Quand les vécus corporels sont saisis par des siècles et des variations culturelles multiples comment la littérature nous fait-elle comprendre et rejoindre les sensations dynamiques mises en récit par les auteurs au point de nous faire rire Par-del les fossés historiques innombrables qui nous obligent la plus grande prudence existe-t-il des aspects partagés qui nous permettent d'entendre les vécus corporels dont parlent Rabelais Cervantès et Sterne travers les mouvements de leurs narrations Cet ouvrage teste deux nouvelles pistes d'analyse kinésique celle du tempo et celle du dialogue tonique intégrant des perspectives narratologiques cognitives et sociohistoriques Page 4 of cover **Forthcoming Books** Rose Arny,1997 *Refracted Images* Eyda M. grows into an accomplished knight winning numerous tournaments and even leading a crusade against the infidels for the love of Madame. When he reaches maturity Jean starts to rebel against Madame's domination by seeking out chivalric adventures on his own. She storms off to her country estates and takes up with the burly abbot of a nearby monastery. The text moves into darker and uncourtly territory when Jean discovers their liaison and lashes out to avenge his lost love and honor, ruining Madame's reputation in the process. Composed in the waning years of chivalry and at the threshold of the print revolution, Jean de Saintr incorporates disquisitions on sin and virtue, advice on hygiene and fashion, as well as lengthy set pieces of chivalric combat. Antoine de La Sale, who was by turns a page, a royal tutor, a soldier, and a judge at tournaments, embellished his text with wide-ranging insights into chivalric ideology, combat techniques, heraldry, and warfare, and the moral training of a young knight. This superb translation, the first in nearly a hundred years, contextualizes the story with a rich introduction and a glossary and is suitable for scholars, students, and general readers alike. An encyclopedic compilation of medieval culture and a window into the lost world of chivalry, Jean de Saintr is a touchstone for both the late Middle Ages and the emergence of the modern novel. *The Age of Chivalry* Hywel Williams, 2011
