Clouston Choice anecdotes,1883 **Choose Your Family Kitten** Brenda Williams,2020-12-16 There is nothing in the world cuter than a kitten Cat ownership has skyrocketed in the last 10 years and it may surprise you to learn that there are more than 95 million pet cats in the US alone in 2020 While dogs are still more popular companions it is clear that cats have joined the party as full fledged members of our households Traditionally it was thought that raising a kitten was easy compared to raising a puppy To many of our grandparents a cat was an outdoor mouser who lived on the porch or in a barn They were independent aloof and not terribly interested in trying to interact with their human owners Only weird people treated cats as though they were genuine pets Happily this view has changed and cats have proven themselves to be loving and devoted companions Cats still lag behind dogs in a few key ways however Cats tend to get less regular veterinary care for instance While most of us would not allow our dogs to roam the neighborhood unleashed outdoor cats freely wander about There is still a myth floating around that cats don t need as much human interaction as dogs to develop properly It is time to bust these myths Raising a kitten is similar to raising a puppy in many ways and is completely different in others How you raise your kitten will set up their relationship with you for life Contrary to the myths cats can be just as attached to and affectionate with their owners as dogs are IF you do the work to build this bond In this book we will cover EVERYTHING you need to know to choose and raise a happy healthy kitten While this guide is written with kittens in mind most of the advice here works for newly adopted adult cats as well *Documents of the School Committee of the City of Boston* Boston (Mass.).
