**The Way Toward Wisdom** Benedict M. Ashley O.P., 2006-07-31 Once thought to be the task of metaphysics the synthesis of knowledge has been discounted by many philosophers today Benedict Ashley a leading Thomistic scholar argues that it remains a valid and intellectually fruitful pursuit by situating metaphysics as an endeavor that must cross disciplinary and cultural boundaries Working from a realist Thomistic epistemology Ashley asserts that we must begin our search for wisdom in the natural sciences only then he believes can we ensure that our claims about immaterial and invisible things are rooted in reliable experience of the material Any attempt to share wisdom he insists must derive from a context that is both interdisciplinary and intercultural Ashley offers an ambitious analysis and synthesis of major historical contributions to the unification of knowledge including non Western traditions Beginning with the question Metaphysics Nonsense or Wisdom Ashley moves from a critical examination of the foundations of modern science to quantum physics and the Big Bang from Aristotle s theory of being and change through Aquinas s five ways to a critical analysis of modern and postmodern thought Ashley is able to interweave the approaches of the great philosophers by demonstrating their contributions to philosophical thought in a concrete specific manner In the process he accounts for a contemporary culture overwhelmed by the fragmentation of data and thirsting for an utterly transcendent yet personal God The capstone of a remarkable career The Way Toward Wisdom will be welcomed by students in philosophy and theology

covering all major aspects of apologetics to help you make a more coherent defense for the Christian faith      **Worldview**  
**Apologetics** Pradeep Tilak,2015-08-19 This book introduces Christian Worldview Apologetics It applies Worldview principles  
to engage Advaita Vedanta Hinduism with the biblical responses of Christianity The Christian Worldview focus is as much  
theological as philosophical Chapter 1 introduces the biblical mandate for apologetics reviewing the historical and  
contemporary apologetic scene It highlights diverse methodological principles in Worldview apologetics laying the  
groundwork for the method employed Chapter 2 introduces Vedanta Hinduism through the teachings of Sankara Ramanuja  
and Madhva This is a primer for those unfamiliar with Advaita Chapter 3 examines Christian rapprochement and antithesis  
with Vedanta Hinduism The apologist applies Worldview apologetics in understanding the access points and biblical dividing  
lines when these two worldviews confront one another Chapter 4 commences the apologetic engagement with proof The  
Advaitin presents the monistic worldview and the ultimate reality otherwise known as Brahman The foundational Christian  
worldview is represented with the scriptures God man and his salvation in Jesus Christ Chapter 5 addresses the offense part  
of apologetics The adherents of each worldview contrast their viewpoints against the viewpoint of the other system Vedanta s  
monism impersonal reality inclusivity and rationality are contrasted with Christianity s historic self revelation of God to man  
Chapter 6 handles apologetic defense through the lens of experience epistemology and correspondence with reality The  
Hindu worldview has transcending experience supra rational epistemology and deep coherence The Christian admits a  
transitory universe which has no existence as a contingent creation apart from God Chapter 7 reviews Worldview apologetic  
practice under metaphysics epistemology and ethics These deal with the ontology of reality in its manifestations and our  
understanding of the truth It concludes with how we live out this knowledge today Chapter 8 addresses the personal rather

than technical tone of apologetics Kierkegaard's engagement of the stubborn will helps us understand the radical nature of convictions After presenting the Gospel worldview the Vedanta position is shown to be impossible from those very paths that the Hindu trusts Chapter 9 culminates the study of Gospel centered apologetics The Gospel forms the core of the apologetic encounter in content and methodology This book opens the venue for more sound arguments to be built around the Gospel and to tear down false worldviews Chapter 10 makes final recommendations on practical Christian apologetics to Hindus A biblically self aware approach is commended to honor God in the defense of the faith This book is the fruit of my 2013 labors at Southern Seminary It is the culmination of over a decade of spiritual and intellectual wrestling with the Christian truth set in the context of evangelism to Hindus particularly those of the pantheistic persuasion I hope that it would serve Christians to be faithful to God and loving toward man in apologetics

**Taking Off Roofs and Building Bridges** Alan J. Pihringer, 2022-09-27 Why don't they believe the same things I do Why don't they see things my way We get frustrated when people hold differing opinions from ours or view life's major issues from conflicting angles Their system of belief their worldview seems foreign to us as they filter the events of this world in ways that we would never have imagined and then come to conclusions that we would never even consider When other people's worldviews contradict ours both of us cannot be right Is there a way to account for the differences and determine if one is right and the other wrong For the Christian especially can we defend the Christian worldview in a way that upholds our entire system of belief and then opens the door to share the gospel with those who believe differently from us The method of worldview apologetics enables the Christian to expose the faults in other worldviews demonstrate the truth of the Christian worldview and build a bridge for others to hear the gospel of Jesus Christ Both scholarly and practical worldview apologetics equips the Christian to assess and critique differing belief systems and fulfill the call to Great Commission outreach
