Chopsticks Only Work In Pairs:

Chopsticks Only Work in Pairs Shanshan Du, 2002-12-18 The ideal of gender equality seems forever elusive always tantalizingly over the horizon Shanshan Du suggests that by shifting our attention away from the various utopian ideals embedded in mainstream feminism we may be surprised to learn that gender egalitarian societies do exist Based on extensive fieldwork this book explores the Lahu society in Southwest China where practical gender equality has become the byproduct of a potent ideology of gender unity vividly expressed by the proverb chopsticks only work in pairs "Chopsticks Only Work in Pairs" Shanshan Du, 2002 Based on extensive fieldwork this book explores the Lahu society in Southwest China where practical gender equality has become the byproduct of a potent ideology of gender unity vividly expressed by the proverb chopsticks only work in pairs

Handbook on Ethnic Minorities in China Xiaowei Zang, 2016-11-25 This much needed volume explains who ethnic minorities are and how well do they do in China In addition to offering general information about ethnic minority groups in China it discusses some important issues around ethnicity including ethnic inequality minority rights and multiculturalism Drawing on insights and perspectives from scholars in different continents the contributions provide critical reflections on where the field has been and where it is going offering readers possible directions for future research on minority ethnicity in China The Handbook reviews research and addresses key conceptual theoretical and methodological issues in the study of ethnicity in China

Intimacies William R. Jankowiak, 2008-02-18 No culture is ever completely successful or satisfied with its synthesis of romantic love companionship and sexual desire Whether the setting is a busy metropolis or a quiet farming village a tension always exists between a community's sexual habits and customs and what it believes to be the proper context for love Even in Western societies we prefer sexual passion to romance and companionship and no study of any culture has shown that individuals regard passion and affection equally The pursuit of love and sex has generated an infinite number of ambiguities and contradictions yet every community hopes to find a resolution to this conflict either by joining dividing or stressing one act over the other In this follow up to *Romantic Passion A Universal Experience* William R Jankowiak examines how different cultures rationalize the expression of passionate and comfort love and physical sex He begins by mapping out the intricacies of the love sex conundrum and the psychological dilemma of reconciling these competing forces He then follows with essays on sex love and intimacy among Central African foragers and farmers the love dyad in Lithuania intimacy among the Lahu of Southwestern China the interplay of love sex and marriage in the High Himalayas verbalized experiences of love and sexuality in Indonesia love work as it relates to sex work among prostitutes intimacies and estrangements in the marital and extramarital relationships of Huli men infidelity and masculinity in Southwestern Nigeria and the ritual of sex and the rejuvenation of the love bond among married couples in the United States

Women and Gender in Contemporary Chinese Societies Shanshan Du, Ya-chen Chen, 2013-03-04 Recent attention to historical geographic and class differences in the studies of women and gender in China has expanded

our understanding of the diversity and complexity of gendered China Nevertheless the ethnic dimension of this subject matter remains largely overlooked particularly concerning women s conditions and gender status Consequently the patriarchy and its oppression of women among the Han the ethnic majority in China are often inaccurately or erroneously associated with the whole gendered heritage of China epitomized by the infamous traditions of footbinding and female infanticide Such academic and popular predisposition belies the fact that gender systems in China span a wide spectrum ranging from extreme Han patriarchy to Lahu gender egalitarianism The authors contributing to this book have collectively initiated a systematic effort to bridge the gap between understanding the majority Han and ethnic minorities in regard to women and gender in contemporary Chinese societies By achieving a quantitative balance between articles on the Han majority and those on ethnic minorities this book transcends the ghettoization of ethnic minorities in the studies of Chinese women and gender The eleven chapters of this volume are divided into three sections which jointly challenge the traditions and norms of Han patriarchy from various perspectives The first section focuses on gender traditions among ethnic minorities which compete with the norms of Han patriarchy The second section emphasizes the impact of radical social transformation on gender systems and practices among both Han and ethnic minorities The third section underscores socio cultural diversity and complexity in resistance to Han patriarchal norms from a broad perspective This book complements previous scholarship on Chinese women and gender by expanding our investigative lens beyond Han patriarchy and providing images of the multiethnic landscape of China By identifying the Han as an ethnically marked category and by bringing to the forefront the diverse gender systems of ethnic minorities this book encourages an increasing awareness of and sensitivity to the cross cultural diversity of gendered China both in academia and beyond
