The rift between jazz and rock and jazz and rock scholarship is based on a set of received assumptions about their fundamental differences but there are other ways popular music history could have been written By offering a fresh examination of key historical moments when the trajectories and meanings of jazz and rock intersected overlapped or collided it reveals how music critics constructed an ideological divide between jazz and rock that would be replicated in American musical discourse for decades to follow Recipient of and Honorable Mention in the PROSE Award Music the Performing Arts 2018 **Harmony** Henry Gadsby, 1886
