Choreographies Of African Identities:

Choreographies of African Identities Francesca Castaldi, 2006-01-11 *Choreographies of African Identities* traces interconnected interpretative frameworks around and about the National Ballet of Senegal Using the metaphor of a dancing circle Castaldi's arguments cover the full spectrum of performance from production to circulation and reception Castaldi first situates the reader in a North American theater focusing on the relationship between dancers and audiences as that between black performers and white spectators She then examines the work of the National Ballet in relation to Léopold Sédar Senghor's Négritude ideology and cultural politics Finally the author addresses the circulation of dances in the streets discotheques and courtyards of Dakar drawing attention to women dancers occupation of the urban landscape **African Somaesthetics: Cultures, Feminisms, Politics**, 2020-11-23 In *African Somaesthetics Cultures Feminisms Politics* Catherine F Botha brings together original research on the body in African cultures specifically interrogating the possibilities of the contribution of a somaesthetic approach in the context of colonization decolonization and globalization in Africa The innovative contributions that consider the somaesthetic dimensions of experience in the context of Africa centred broadly around the themes of politics feminisms and cultures reflect a diversity of perspectives and positions The book is a first of its kind in gathering together novel and focused analyses of the body as conceived of from an African perspective The Griot Tradition as Remixed through Hip Hop Frederick Gooding Jr., 2023-08-08 Although Hip Hop is known to come from the streets of South Bronx New York its origins go far deeper than that Unconsciously the innovative souls of the 1970s Hip Hop movement demonstrated the captivating vibrational sound of the five regions in Africa Northern Africa Western Africa Eastern Africa Central Africa and Southern Africa Thus *The Griot Tradition as Remixed through Hip Hop* Straight Outta Africa fleshes out the common threads of Hip Hop's creative genius across the African diaspora and provides an analytical rubric as a guide to a greater understanding of Hip Hop The author Frederick Gooding examines why Hip Hop holds such an important place within contemporary culture in order to determine how a genre that was so controversial and marginal could become mainstream and central Through the use of various genres artists styles sounds images and rhetorical techniques Gooding analyzes how Hip Hop when seen through the lens of African connection can be appreciated for its regenerative and connective power to create relationships between people both nationally and internationally Choreomusicology Samuel N. Dorf, Helen Julia Minors, 2025-05-07 *Choreomusicology Dialogues in Music and Dance* is a distinguished collection of chapters by leading scholars presenting research that redefines and rethinks the question of what dance and music are together and apart and which promotes new ideas and voices in the discipline Focusing on matters historical critical and conceptual and defining dance music interactions from the era of aristocratic court dance to the present the book covers a wide range of topics including dance and music performance practice queer studies colonialism and exoticism disability studies the reparative humanities and film The volume is organized into two sections Part 1 examines theoretical and
