Selected Works of Lu Hsun 鲁迅,1960 **Lu Xun's Affirmative Biopolitics** Wenjin Cui,2021-11-29 This book explores an extraordinary case of affirmative biopolitics through the study of Lu Xun 1881 1936 the most prominent cultural figure of modern China Diverging from the Enlightenment humanist framework in reference to which Lu Xun is commonly interpreted it demonstrates how his thinking is defined by a naturalistic conception of culture that is best understood in the global context of what Foucault defines as the biological turn of modernity In comparison to ontologically grounded modern Western theories of life it brings to light the deep connection between Lu Xun s affirmative biopolitics and the epistemic ground of Chinese tradition what is known as correlative thinking Combining close readings of literary texts with a theoretical consideration of broader issues of culture this book is an essential read for scholars and students who are interested in Lu Xun modern Chinese intellectual history comparative studies of Chinese and Western thought and the question of affirmative biopolitics *Oriental Monograph Series* ,1979 Mainstream ,1957 **The Conflict of**

Generations Lewis Samuel Feuer,1969 **Bringing the World Home** Theodore Hutters,2017-04-01 Bringing the World Home sheds new light on China s vibrant cultural life between 1895 and 1919 a crucial period that marks a watershed between the conservative old regime and the ostensibly iconoclastic New Culture of the 1920s Although generally overlooked in the effort to understand modern Chinese history the era has much to teach us about cultural accommodation and is characterized by its own unique intellectual life This original and probing work traces the most significant strands of the new

post 1895 discourse concentrating on the anxieties inherent in a complicated process of cultural transformation It focuses principally on how the need to accommodate the West was reflected in such landmark novels of the period as Wu Jianren s Strange Events Eyewitnessed in the Past Twenty Years and Zhu Shouju s Tides of the Huangpu which began serial publication in Shanghai in 1916 The negative tone of these narratives contrasts sharply with the facile optimism that characterizes the many essays on the New Novel appearing in the popular press of the time Neither iconoclasm nor the wholesale embrace of the new could square the contradicting intellectual demands imposed by the momentous alternatives presenting themselves An electronic version of this book is freely available thanks to the support of libraries working with Knowledge Unlatched a collaborative initiative designed to make high quality books open access for the public good The open access version of this book is licensed under Creative Commons Attribution NonCommercial NoDerivatives 4 0 International CC BY NC ND 4 0 which means that the work may be freely downloaded and shared for non commercial purposes provided credit is given to the author Derivative works and commercial uses require permission from the publisher
