Theodore Royer 1737 1807 was intensely engaged in the study of Chinese culture Befriended VOC officials and their Chinese relations in Canton collected Chinese objects for him and helped him with his greatest ambition the composition of a Chinese dictionary The objects were given a home in his museum on the Herengracht in The Hague Better than travel journals they gave a picture of life in China in Royer s time Because the selection was largely made by modest Chinese traders the collection does not so much give a picture of the material culture of the Chinese elite but rather that of the ambitious upwardly mobile world of small traders and craftsmen These are mostly ephemeral objects that have rarely been preserved but they came to The Hague thanks to Royer and his Chinese contacts A bequest from his widow then ensured that the collection ended up in two Dutch museums Museum Volkenkunde in Leiden and the Rijksmuseum in Amsterdam where the objects are still present today
