Chinese Reading Of The Daodejing:

A Chinese Reading of the Daodejing Rudolf G. Wagner, 2012-02-01 Many of the brightest Chinese minds have used the form of the commentary to open the terse and poetic chapters of the Laozi to their readers and also to develop a philosophy of their own. None has been more sophisticated philosophically probing and influential in the endeavor than a young genius of the third century C E Wang Bi. 226-249 In this book Rudolf G. Wagner provides a full translation of the Laozi that extracts from Wang Bi's Commentary the manner in which he read the text as well as a full translation of Wang Bi's Commentary and his essay on the subtle pointers of the Laozi. The result is a Chinese reading of the Laozi that will surprise and delight Western readers familiar with some of the many translations of the work. A Chinese Reading of the Daodejing is part of Rudolf Wagner's trilogy on Wang Bi's philosophy and classical studies which also includes *The Craft of a Chinese Commentator*, *Wang Bi on the Laozi*, and *Language Ontology and Political Philosophy in China*. Wang Bi's Scholarly Exploration of the Dark Xuanxue both published by SUNY Press. Dao De Jing, 2001-12-20 This translation shows that Dao De Jing is far more than a work of personal inspiration; it is also a book of universal scope that makes penetrating comments still applicable today on politics, statecraft, cosmology, aesthetics, and ethics. **Tao Te Ching** Victor H. Mair, Lao Tzu, 2012-04-11 A landmark translation of one of the most popular works of world literature, this edition of the Tao Te Ching is based on the Ma Wang Tui manuscripts. **Daodejing** Laozi, 2007-05-28 The Daodejing, Tao Te Ching, or Laozi Lao Tzu is the most fundamental scripture of Daoism and a classic of world literature. This new English translation is based on the most recent scholarship in the field and takes into account the ancient manuscript. **Daodejing** Laozi, 2008-09-11 Of ways you may speak but not the Perennial Way, By names you may name but not the Perennial Name. The best loved of all the classical books of China and the most universally popular, the Daodejing or Classic of the Way and Life Force is a work that defies definition. It encapsulates the main tenets of Daoism and upholds a way of being as well as a philosophy and a religion. The dominant image is of the Way, the mysterious path through the whole cosmos modelled on the great Silver River or Milky Way that traverses the heavens. A life-giving stream, the Way gives rise to all things and holds them in her motherly embrace. It enables the individual and society as a whole to harmonize the disparate demands of daily life and achieve a more profound level of understanding. This new translation draws on the latest archaeological finds and brings out the word play and poetry of the original. Simple commentary accompanies the text, and the introduction provides further historical and interpretative context. ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Daodejing Laozi,Luke H. Boyd,2012-11-16 The Daodejing Tao Te Ching was originally compiled over 2500 years ago in what is now northwestern central China This new translation of Laozi s Daodejing attempts to present a fairly literal rendering of the short ancient Classical Chinese text The version of the Daodejing used here is the standard received text included in the young scholar Wang Bi s third century commentary The entire Classical Chinese text is presented line by line from right to left on pages facing the lines of English translation This translation differs from the dozens of previous translations and hundreds of adaptations of the Daodejing in that it doesn t project later cultural or religious beliefs back onto the text It doesn t omit or add words in order to ignore or explain away those portions of the text that don t reflect a modern enlightened worldview Instead footnotes are provided where necessary to explain how the book s 81 poems reflect the ancient customs and religious practices of Ancient China during what is known as the Warring States Period All of the book s poems are concerned with the mystical life force Laozi calls the Way or a related resonating personal force he calls Virtue The poems have an intimate knowing tone to them and touch on many of the concerns of Laozi s day There are myriad universal deities to be honored and spirits in nature to be considered There are the friendly spirits of ancestors to be cared for and the unfriendly ghosts of ancestors to be avoided There are farmers craftsman soldiers and aristocrats to be dealt with and robbers madmen and itinerant philosophers to be on the alert for There are treaties to be made and battles to be fought Laozi good naturedly instructs the reader on how the Way gives rise to Heaven Earth mankind and the ten thousand things Through the poems he attempts to describe the indescribable the Way s mysterious action without action and its effect on those who trust in it enough to let it guide their lives
