Linde, 2017-12-15 Throughout history there have been few conquerors more prominent than Genghis Khan the first ruler of what would become the Mongol Empire Readers learn about the humble beginnings of his life as he rose from anonymity to become one of the most famous rulers in history They also explore his life as he handled the challenges of leading an empire of millions Through comprehensive text informative sidebars historical images and vibrant photographs readers are given the opportunity to explore the world of 13th century Asia enhancing their knowledge of this common social studies curriculum topic *The History and the Life of Chinggis Khan* Urgunge Onon, 1990 Genghis Khan and Mongol Rule George Lane, 2009-01-01 Spawning an empire ranging from Persia to China Genghis Khan united a nomadic warrior culture that had lived with their agrarian neighbors through controlled and limited extortion This accessible book provides an introduction to the history and culture of the Steppe people from which Genghis Khan emerged and chronicles the events that led to his being named the Great Khan Also included are sixteen biographical sketches a wealth of annotated primary documents five maps an annotated timeline a glossary an annotated bibliography and several illustrations *Genghis Khan and the Making of the Modern World* Jack Weatherford, 2005-03-22 NEW YORK TIMES BESTSELLER The startling true history of how one extraordinary man from a remote corner of the world created an empire that led the world into the modern age by the author featured in *Echoes of the Empire* Beyond Genghis Khan The Mongol army led by Genghis Khan subjugated more lands and

people in twenty five years than the Romans did in four hundred In nearly every country the Mongols conquered they brought an unprecedented rise in cultural communication expanded trade and a blossoming of civilization Vastly more progressive than his European or Asian counterparts Genghis Khan abolished torture granted universal religious freedom and smashed feudal systems of aristocratic privilege From the story of his rise through the tribal culture to the explosion of civilization that the Mongol Empire unleashed this brilliant work of revisionist history is nothing less than the epic story of how the modern world was made The Mongol Empire John Man,2014-06-19 Genghis Khan is one of history s immortals a leader of genius driven by an inspiring vision for peaceful world rule Believing he was divinely protected Genghis united warring clans to create a nation and then an empire that ran across much of Asia Under his grandson Kublai Khan the vision evolved into a more complex religious ideology justifying further expansion Kublai doubled the empire s size until in the late 13th century he and the rest of Genghis s Golden Family controlled one fifth of the inhabited world Along the way he conquered all China gave the nation the borders it has today and then finally discovered the limits to growth Genghis s dream of world rule turned out to be a fantasy And yet in terms of the sheer scale of the conquests never has a vision and the character of one man had such an effect on the world Charting the evolution of this vision John Man provides a unique account of the Mongol Empire from young Genghis to old Kublai from a rejected teenager to the world s most powerful emperor **Genghis Khan** John Man,2007-02-06 Originally published London Bantam Press 2004 **Genghis Khan** Paul Ratchnevsky,1993-12-08 Genghis Khan was the founder of the Mongol Empire the largest continuous land empire ever On his death in 1227 this extended from the Near East to the Yellow Sea and was expanded by his successors to include what is now Iran Iraq and southern Russia By 1206 Genghis Khan had completed the unification by conquest of all the tribes of Mongolia and was acclaimed as universal Khan He then launched his assault on Northern China Peking was captured in 1215 and the Chin were finally subjugated by Genghis s successors in 1234 This is the definitive biography **Genghis Khan, Makers of History Series** Jacob Abbott,2022-01-29 *Genghis Khan and the Mongol Empire* Don Nardo,2010-11-19 Genghis Khan was a warrior and ruler of genius who in the late twelfth and early thirteenth centuries brought the nomadic tribes of Mongolia together under his rule and then turned his attention beyond his borders This volume chronicles the history of the ancient people of the steppes the rise of Genghis Khan and reforms under his rule his conquests in northern China and Western Asia and the history of the Mongol people after Genghis Khan *The Rise of Chingis Khan and His Conquest of North China* Henry Desmond Martin,1950 *The Mongols* W. B. Bartlett,2009 The first new history of the Mongol Empire for over twenty years **The Mongol Empire** Peter Brent,1976 Genghis Khan Paul Lococo,Paul Lococo, Jr.,2008 It was through bitter experience growing up on the harsh and unforgiving steppes of Mongolia that Genghis Khan learned to trust few people and to be vigilant of the personalities and events around him As a result of an early life filled with hardship betrayals and constant struggle Genghis Khan developed into a cunning and effective leader of men in battle He became an

innovative commander who disdained customary tactics when those strategies failed to bring victory Genghis Khan united the tribes of Mongolia in a way never before seen leading them to the settled lands of Eurasia and achieving almost super human victories over vastly larger forces By the time of his death he had created an empire of immense proportions larger than anything before in history Genghis Khan addresses how the teenaged son of a minor Mongol chieftain created a military machine of extraordinary striking power and wielded it to conquer such lands as China Central Asia and Persia Potomac s Military Profiles series features essential treatments of the lives of significant military figures from ancient times through the present Both the general audience and readers with a professional interest will appreciate each volume s concise blend of analysis and well crafted writing These books also serve as a starting point for those who wish to pursue a more advanced study of the subject *Genghis Khan* P. V. Knight,2016-07-15 Genghis Khan means greatest of rulers emperor of all men A Mongolian nomad was awarded this title after leading his people to victory in Asia at the turn of the 13th century This captivating biography relays why he has retained this moniker throughout history from a daring escape as a young man named Tem jin to his ambitious empire building across three continents Absorbing text and beguiling artwork give readers an understanding of this time period and the many cultures that clashed over power and land in this era *The Secret History of the Mongols* Paul Kahn,1998 This adaptation of what is recognized today as the oldest Mongolian text written two decades after Chingis Khan s death tells the Mongols own version of the origin of their nation the life of C *Chinggis Khan* Michal Biran,2007
