Children's Bureau Publication United States. Children's Bureau, 1926 The Jane Addams Children's Book Award
Susan C. Griffith, 2013-09-05 Jane Addams 1860-1935 was an inspired activist who struck at the roots of social injustice through persistent and thoughtful action advocating for reforms in sanitation housing and work conditions and child labor In 1915 Addams founded the Women's International League for Peace and Freedom WILPF and in 1931 she became the first American female recipient of the Nobel Peace Prize Eighteen years after Addams's death members of the WILPF created the Jane Addams Children's Book Award Presented annually the award honors children's books that invite readers to think deeply about peace social justice world community and equality for all races and genders The Jane Addams Children's Book Award Honoring Children's Literature for Peace and Social Justice since 1953 is the first book to examine the award as well as its winners and honor books In this volume Susan C Griffith reviews and synthesizes Addams's ideas and legacy so that her life and accomplishments can be used as a focal point for exploring issues of social justice through children's literature In addition to a history and overview of the award this work contains annotated bibliographies with thematically arranged winners and honor books bestowed in Addams's name Supporting literature study in classrooms and integrating points of reflection drawn from the activist's life The Jane Addams Children's Book Award is an invaluable resource for educators students and librarians

Check List and Price List of University Studies State University of Iowa, 1928 **Bureau publication (United States. Children's Bureau). no. 163, 1926**, 1926 *The Oxford Handbook of Deaf Studies, Language, and Education, Vol. 2* Marc Marschark, Patricia Elizabeth Spencer, 2010-06-28 Oxford Handbooks offer authoritative and up to date reviews of original research in a particular subject area Specially commissioned chapters from leading figures in the discipline give critical examinations of the progress and direction of debates as well as a foundation for future research Oxford Handbooks provide scholars and graduate students with compelling new perspectives upon a wide range of subjects in the humanities social sciences and sciences The adage Those who do not learn from history are doomed to repeat it is a powerful one for parents teachers and other professionals involved with or interested in deaf individuals or the Deaf community Myths grown from ignorance have long dogged the field and faulty assumptions and overgeneralizations have persisted despite contrary evidence A study of the history of deaf education reveals patterns that have affected educational policy and legislation for deaf people around the world these patterns are related to several themes critical to the chapters of this volume One such theme is the importance of parental involvement in raising and educating deaf children Another relates to how Deaf people have taken an increasingly greater role in influencing their own futures and places in society In published histories we see the longstanding conflicts through the centuries that pertain to sign language and spoken communication philosophies as well as the contributions of the individuals who advocated alternative strategies for teaching deaf children More recently investigators have recognized the need for a diverse approach to language and

language learning Advances in technology cognitive science linguistics and the social sciences have alternately led and followed changes in theory and practice resulting in a changing landscape for deaf and hard of hearing individuals and those connected to them This second volume of the The Oxford Handbook of Deaf Studies Language and Education 2003 picks up where that first landmark volume left off describing those advances and offering readers the opportunity to understand the current status of research in the field while recognizing the opportunities and challenges that lie ahead In Volume 2 an international group of contributing experts provide state of the art summaries intended for students practitioners and researchers Not only does it describe where we are it helps to chart courses for the future
