Choices A Guide For Young People:

Choices Gill Gordon, 2007 **Making Good Choices** Purvis Atkinson, 2012-12-01 Making Good Choices is a life guide for teens The premise of Choices is that there are a number of life lessons which if they are understood and acted on early in a student's life can have a profound positive impact This book reinforces values and moral behavior Choices draws a distinct line between good and bad helping students to understand the long term consequences of the two It explains the importance of roles and relationships between a teen and his parents siblings friends and teachers Choices takes the various tools available to the average young student and helps him chart a course of success in life Choices should be read before as preparation for a book like What Color is Your Parachute The difference between this book and What Color is Your Parachute is that it concentrates on the root causes of failure and unhappiness and not just the end goal of a good paying job There are many reasons why some of us are not ready to zero in on the color of our parachute This book is for those average students who first need to find their humanity empathy sense of community and self worth before they go blazing into the world This book is for the student whose potential is not the concern of any other book *Young Person's Guide to Wisdom, Power, and Life Success* Brian H Gahran, Dr., 2014-11-29 **Career Choices** Mindy Bingham, 1990 Provides an activity oriented approach to career decision making that helps teens discover their unique abilities and ambitions **Educational Review**, 1901 *Educational Review* Nicholas Murray Butler, Frank Pierrepont Graves, 1901 Vols 19 34 include Bibliography of education for 1899 1906 compiled by James I Wyer and others **Choices** Gill Gordon, 2011 **AIDS Education of School-aged Youth** United States.
