John Gower in Manuscripts and Early Printed Books Martha W. Driver, Derek Pearsall, Robert F. Yeager, 2020 Essays considering the relationship between Gower's texts and the physical ways in which they were first manifested **General Biographical Dictionary, Comprising a Summary Account of the Most Distinguished Persons of All Ages, Nations, and Professions, Including More Than One Thousand Articles of American Biography** John Lauris Blake, 1853

Philology and Criticism Vishwa Adluri, Joydeep Bagchee, 2018-06-29 *Philology and Criticism* contrasts the Mahabharata's preservation and transmission within the Indian scribal and commentarial traditions with Sanskrit philology after 1900 as German Indologists proposed a critical edition of the Mahabharata to validate their racial and nationalist views Vishwa Adluri and Joydeep Bagchee show how in contrast to the Indologists' unscientific theories V S Sukthankar assimilated the principles of neo-Lachmannian textual criticism to defend the transmitted text and its traditional reception as a work of law philosophy and salvation The authors demonstrate why after the edition's completion no justification exists for claiming that an earlier heroic epic existed that the Brahmins redacted the heroic epic to produce the Mahabharata or that they interpolated sectarian gods such as Visnu and Iva into the work By demonstrating how the Indologists committed technical errors cited flawed and biased scholarship and used circular argumentation to validate their racist and anti-Semitic theories *Philology and Criticism* frees readers to approach the Mahabharata as the principal monument of bhakti Madeleine Biardeau The authoritative guide to the critical edition's correct use and interpretation *Philology and Criticism* urges South Asianists to view Hinduism as a complex debate about ontology and ethics rather than through the lenses of Brahmanism and sectarianism It launches a new world philology one that is plural and self-reflexive rather than Eurocentric and ahistorical

General Biographical Dictionary Comprising a Summary Account of the Most Distinguished Persons of All Ages, Nations and Profession John Lauris Blake, 1850 *Choices in the Chain* Paul Benson Creamer, 1999 **STRUCTURE AND CHOICE** Chen Binggong, 2021-04-05 This book employs the methods of philosophical anthropology to examine the question of what the noumenon of human life is which has been debated for thousands of years This work elaborates upon the noumenon of human life that is man's structure and choice The noumenon of human life differs essentially from the animals in bringing about the unity of structure and choice The noumenon of human life or rather man's structure and choice provides the motive force for the survival and development of individuals and groups families organizations and states as well as the basic ways in which human values can be possible of realization It is only through the instrumentality of man's structure and choice that humans can attain their goals and grasp the laws of development and change of things In passing criticism upon structuralism and existentialism the author tries to reconstruct the ontology of human life whereby his theory provides an ontological foundation for the humanities and social sciences a theoretical framework for an idealistic anthropological commitment to self-transcendence a scientific philosophy of life for us and a good deal of enlightenment about many
