

A gravel path splits into two directions on a green field under a blue sky. The path is made of light-colored gravel and curves to the left and right, leading into a vast green field. The sky is a clear, vibrant blue with a few wispy white clouds. The overall scene is bright and open, symbolizing choice and possibility.

Choices In Life:

Life Choices Tod Sloan, 2018-10-08 Through readings of 15 life history interviews this book creates a framework for the interpretation of dilemmas and decisions As each individual recounts a specific instance when a life choice was necessary the supporting analysis reveals the framework that triggered the sense that a turning point had been reached The author's basic premise is that common sense and mainstream psychology fail to enlighten us about what is actually involved in major life choices He argues that individuals tend to make decisions that are not in their best interests and that these decisions tend to reinforce the sociocultural structures that were instrumental in the creation of their dilemmas **Living by Choice** Michael

L. Nelson, 2018-02-02 Living by Choice was written to help us better understand the power of our choices and that our choices not only define who we are today but ultimately the type of person we turn out to be The book is intended to help adults who want to make better choices in their lives parents who are teaching choice making skills to their children and young people working to gain insight into how to develop their lives The book stresses that each of us has the personal responsibility of managing our life and that we do so effectively or otherwise through the choices we make The truth is most of us are so busy with our daily routines that we seldom stop to think about what is required to manage our lives effectively We tend to live our lives one day at a time without an overall strategy for how best to do so Many of us live without a clear insight into how our choices define who we are and ultimately what we achieve To bring this subject into greater focus Living by Choice was written to motivate individuals younger ones and older ones to stop and consider the choices they are making in their lives You will not find the answers here and that was never the intention of the book The ultimate answers about your life can only come from you However the book is intended to stimulate your thinking Its basic objective is to help you think about your life and motivate you to make any choices needed to adjust the way you are living yours To accomplish this the book contains fourteen 14 sections including Managing Your Life Being an Honest Person and Creating a Caring You Within these fourteen sections the book addresses eighty two 82 important choices that most of us face in life including The Choice to Be an Independent Thinker The Choice to Let Love Guide Your Life and The Choice to Respect Our Differences to name a few Each choice topic provides a brief thinking experience requiring only a few minutes to read but providing thoughts and perspectives the reader may want to ponder much longer For those who want to make personal notes for later reference space is provided at the end of each section We are indeed who we choose to be and Living by Choice serves as an important reminder of this fact **4 Friends, 1 Wedding & their choices. Life is a Story - story.one** Laura Hartmann, 2023-08-31
