## **Choosing Character Responsibility For Virtue Vice:**

**Choosing Character** Jonathan A. Jacobs, 2001 Choosing Character presents an account of ethical disability expanding the domain of responsibility and explicating the role of character in ethical cognition **From Personality to Virtue** Alberto Masala, Jonathan Webber, 2016-02-25 Character plays a central role in our everyday understanding and evaluation of ourselves and one another It informs the expectations that ground our plans and projects our moral responses to other people s behaviour and to opportunities we ourselves face and our political decisions concerning formal education criminal punishment and other aspects of social organisation The very idea that people have persisting character traits that explain their behaviour is woven throughout the fabric of our culture These philosophical essays clarify this idea of character analyse its relation with the findings of experimental psychology and draw out the implications of this for education and for criminal punishment They bring together a range of issues in contemporary philosophy including the nature of agency the modelling of behavioural cognition ethical implications of personal necessity moral responsibility for implicit bias the prospects for character education and the nature of rightful criminal punishment The essays emphasise that character is inherently dynamic challenging the tendency among personality psychologists and virtue ethicists alike to focus on static snapshots of traits and they emphasise the close integration of character with the individual s social context seeking to accommodate the situationist experimental findings within a picture of behaviour as manifesting stable character traits The volume is intended to demonstrate the deep conceptual affinity of moral philosophy and social psychology and the consequent potential for each to benefit from the other *Moral Agency in Eastern and Western Thought* Jonathan Jacobs, Heinz-Dieter Meyer, 2024-07-30 This volume explores how individuals use moral agency to craft the moral dispositions and moral capabilities needed for living well lived lives It draws on Eastern and Western philosophical and ethical traditions to formulate and address key issues concerning character development and moral agency In both Eastern and Western traditions the complexities of shaping an individual s moral agency focus on sustained processes of inner self cultivation The chapters in this volume highlight the ways in which one is to manage and direct one s desires and aspirations and what is to count as the source of guidance for a well lived life They engage with key figures and traditions in the history of Eastern and Western philosophy including Confucian Buddhist and Western sources from Aristotle to Kant The juxtaposition of sources from the different parts of the world highlights striking similarities and significant contrasts and provides rich conceptual resources for further exploration of these issues The volume provides a broader deeper pursuit of central issues of moral psychology and ethics in ways that highlight the inexhaustible resources in these traditions The focus on character is a way to draw together perspectives on ethical life theories of human agency views of fundamental life guiding values and relations between individuals and society and how persons see their place in the world *Moral Agency in Eastern and Western Thought* will appeal to scholars and advanced students working on virtue ethics moral psychology comparative philosophy and history of

philosophy      **Vices of the Mind** Quassim Cassam,2019 Quassim Cassam introduces the idea of epistemic vices character traits that get in the way of knowledge such as closed mindedness intellectual arrogance wishful thinking and prejudice Using examples from politics to illustrate the vices at work he considers whether we are responsible for such failings and what we can do about them      **Culpable Carelessness** Findlay Stark,2016-10-20 A doctrinal and theoretical analysis of culpability for unjustified risk taking in Anglo American criminal law      **Virtue Ethics, Old and New** Stephen M. Gardiner,2018-08-06 There are grounds for saying that contemporary work in virtue ethics is if not quite in its theoretical infancy at least not far out of diapers And this suggests that we should be gentle and nurturing allowing it time to flourish before coming to any definitive verdict on its merits However it is hard to deny that modern day virtue ethics is part of a long sophisticated and fairly continuous tradition Not only does the approach have origins almost as ancient as philosophy itself but its history also includes extensive work by such philosophical luminaries as at least Socrates Plato Aristotle the Stoics Aquinas and perhaps Hume and Nietzsche And this suggests that we should already be in a good position to assess its appeal from the Introduction In Virtue Ethics Old and New ten philosophers seek to enrich the contemporary understanding and development of virtue ethics through a detailed examination of some key contributions from its past Their essays demonstrate the continuing relevance of the history of moral philosophy to contemporary debates      The Natural Selection of Autonomy Bruce N. Waller,1998-07-10 Challenges the deep traditional assumption that autonomy morality and moral responsibility are uniquely human characteristics      *Buffalo Criminal Law Review* ,2004 The Buffalo Criminal Law Review is a peer reviewed journal published by the Buffalo Criminal Law Center at the State University of New York at Buffalo School of Law The Review pursues two interrelated objectives to integrate the study of criminal law by serving as an interdisciplinary and international forum for innovative scholarship on crime and punishment and to bridge the gap between criminal law scholarship and criminal justice policy by providing legislators judges and other criminal justice professionals with in depth analyses of topical issues in criminal law      *Mind* ,1897 A quarterly review of philosophy      **The Christian Union** ,1875      International Review for the Sociology of Sport ,2003      **Hebraic Political Studies** ,2007      **Choice** ,2002      **Proceedings and Addresses of the American Philosophical Association** American Philosophical Association,2001 List of members in v 1      American Catholic Philosophical Quarterly ,2001      **The Journal of Philosophy** ,2002      **The Philosophical Review** Jacob Gould Schurman,James Edwin Creighton,Frank Thilly,Gustavus Watts Cunningham,2002      The New Scholasticism ,2001 Includes section Book Reviews      *Outlook* Alfred Emanuel Smith,Francis Walton,1875      **International Philosophical Quarterly** ,2002
