Choral Arrangements of the African-American Spirituals Patricia J. Trice, 1998-02-12

Although the choral arrangements of the African American spirituals constitute the largest group of folk song arrangements in western literature, they have received little scholarly attention. This book provides the needed historical and stylistic information about the spirituals and the arrangements. It traces the history and cultural roots of the genre through its inception and delineates the African and European characteristics common to the original folk songs and arrangements. Ensembles that have perpetuated the growth of the spiritual arrangements from Fisk Jubilee Singers of the 1870s through those currently active are chronicled as well. Musicians, choral directors, and scholars will welcome this first complete text on the African American spiritual genre. Annotated listings of titles provide information choral directors need to make ensemble appropriate performance choices. Arrangements indexed by title, arranger, and subject complement the accompanying biographies and repertoire information. Well organized and thoroughly researched, this text is a valuable addition to music, choral, multicultural, and African American libraries.

Górecki Adrian Thomas, 1997-04-24 The Polish composer Henry Górecki, born 1933, achieved world wide renown in 1992 when his Third Symphony, written in 1976, was recorded on CD and became an international bestseller. It is now one of the best known musical compositions of recent years, yet Górecki's other music is still relatively little known. This study, the first detailed account of his works in any language, provides biographical information as background to the music and is by a leading enthusiast of Górecki's music. Adrian Thomas discusses Górecki's position as leader of the Polish avant garde in the late 1950s and his subsequent discovery of the folk and church music of Old Poland, notably that of the Podhale region in southern Poland. He describes Górecki's unmistakable musical world from the large orchestral scores, Scontri, Refrain, the Symphonies, and the choral works, Beatus Vir, commissioned by and dedicated to Pope John Paul II, to the more modest church songs and folk song arrangements.
