Chosen to be a Soldier Salvation Army,1977 **Orders and Regulations for Field Officers of the Salvation Army**
Salvation army,William Booth,1886 *Altruism in the Context of Economic Rationalistic Ideologies and Systems of Healthcare and Welfare Delivery. A Multi-Disciplinary Approach* Donald Gates,2006-03 This work examines the two apparently contradictory concepts of Altruism and Economic Rationalism in the context of Health and Welfare Delivery It is multi disciplinary and employs a number of disciplines including Sociology Economics Theology Religion Eccesiology History and Political Science *The Salvation Army Year Book* Salvation Army,1913 Lutheran Salvationists? Gudrun Maria Lydholm,2017-03-13 The idea of a state religion is seldom connected to religious freedom and liberal modern and democratic states However such a situation existed in Norway until 2012 when the Lutheran Church was the state church of Norway A large majority of the population belonged to the church even though the percentage in 2013 had fallen to well over seventy five The relationship between the church and minority religious movements demanded adaptation and compromises from the minority churches The Salvation Army s enculturation and accommodation during its 128 year history in Norway illustrates such a situation The book examines how The Salvation Army accommodated itself both doctrinally as well as practically to the situation of a dominant state church The study reveals such a close affiliation of Salvationists to the Norwegian Church as a state institution that it raises the question of whether a concept of civil religion was implicitly present in Salvationists view of the state church and their own adherence to the church This situation also raises the question of what constitutes a real church The book indicates the tension between Lutheran and Salvationist ecclesiology as well as the influence from the Lutheran Church **Saved, Sanctified and Serving** Denis Metrusterly,2016-06-01 This comprehensive significant work on Salvation Army theology and practice is designed to help reinforce Salvationists appreciation of their movement s rationale and mission helping to maintain and increase the Army s unique position within the Church and as part of global faith based responses to humanitarian need The writers in this volume hold and proclaim a clear vision for the Army s future fully seizing contemporary opportunities while retaining the fire and zeal of the primitive Movement **Orders and Regulations for Field Officers of the Salvation Army** William Booth,1888 **Orders and Regulations for Sergeants** Salvation Army,1889 **A Bibliography of Salvation Army Literature in English (1865-1987)** R. G. Moyles,1988 This work attempts to classify and cite all the literature in English about and by The Salvation Army from Booth s Darkest England to Shaw s Major Barbara Approximately 5000 titles are arranged chronologically by nine subjects three of which are further subdivided by specific topic Word & Deed ,1999 Marching to Glory Edward H. McKinley,1995 Turning the Pages of American Girlhood Emily Hamilton-Honey,2013-02-26 Alternating chapters of historical background and literary analysis this study argues that postbellum series books inspired young women by illustrating the ways in which girls could participate in social change whether through church societies benevolent organizations educational institutions or political groups By

1900 however the socialization of series heroines had shifted to the consumer marketplace where girls could develop personality and taste through their purchases Both models had benefits Religious faith and political activism gave young women moral power within their communities consuming gave them opportunities to indulge individual desires and often to socialize in public without adult oversight This work adds to the existing scholarship on girls culture not only by examining the beginnings of series fiction for girls and the models of womanhood it presented but also by tracing the shifting social ideologies of girlhood throughout the 19th and early 20th centuries
