Katherin A. Rogers

Christ And The Human Soul:

Christ and the Human Soul Rudolf Steiner, 2008 4 lectures Norrköping July 1914 CW 155 In these four remarkable lectures Steiner contends that Christ has been working on the behalf of humankind since the very beginnings of human existence long before the inception of Christianity Steiner indicates how in the ancient mystery schools and in the miraculous events depicted in the Old Testament the guiding hand of Christ shaped and developed human cognition The ultimate divine intervention took place with the incarnation of Christ in human form which culminated in the Mystery of Golgotha Through this grand event the opportunity arose for every soul to develop immortal individuality and I awareness Steiner clarifies the difficult concepts of sin guilt and karma and explains the meaning of forgiveness of sins and the resurrection of the body Looking forward to future great periods of evolution he speaks of the separation of humanity into the two races of good and evil and describes how Christ will continue to work in that critical time of human development [What the Bible Says about the Human Soul](#) Reginald Noel, 2016-04-15 What the Bible says About the Human Soul discusses core concepts of the human soul spirit and body answering questions and examining them in the light of the Bible The main message of this book is that Jesus came in the FLESH to die that souls who accept Him would be with Him in Heaven This book when timely read will give answers to questions about the soul the spirit and the body *The Soul* J. P. Moreland, 2014-02-14 In a culture in which science is believed to hold the answers to every question spiritual realities like the soul are often ignored or ridiculed We are told that neuroscience holds the key to explaining every aspect of human behavior Yet Christian philosopher J P Moreland argues that Scripture sound philosophical reasoning and everyday experience all point to the reality of an immaterial soul Countering the arguments of both naturalists and Christian scholars who embrace a material only view of humanity Moreland demonstrates why it is both biblical and reasonable to believe humans are essentially spiritual beings He also describes the various components of the soul and how Christians can nurture their souls as disciples of Christ Moreland shows that neuroscience and the soul are not competing explanations of human activity but that both coexist and influence one another

Christ and the Human Soul Rudolf Steiner, 1984 In these lectures Steiner shows how the influence of Christ has been operative from the beginning of human existence long before the inception of the Christian religion The ancient mysteries brought about will and wisdom Christ brings love and individuality The lectures impress on us how vital it is for our time that we strive to imbue our feeling life with the Christ Spirit **Jesus Christ and the Human Quest** Edwin Lewis, 1924 *An Introduction to Peter van Mastricht on Christ's Human Nature as Non-Personal, the Time of Ensoulment in the Womb & the Perpetual Virginity of Mary* Travis Fentiman, 2025-06-14 It is exciting to read the seventeenth century reformed Dutch theologian Peter van Mastricht's Theoretical Practical Theology RHB the best systematic theology existent in English Volume 4 is on Christ's Person filled with wonderful material Three topics in the volume however may occasion some head scratching 1 His extended treatment of Christ's human nature as being impersonal 2 That human life and the soul only start at around

42 days after conception and so it was with Christ's personal union of his natures in the Incarnation and 3 That Mary probably remained a perpetual virgin throughout her life This readable but scholarly article introduces and contextualizes these issues and shows 1 Mastricht's view on Christ's impersonal human nature was largely representative of Reformed Orthodoxy and is right 2 The coherency and plausibility of life starting at around 42 days after conception philosophically and Scripturally as was the common view of Mastricht's era and it 3 Documents that Mary's de facto perpetual virginity as a historical belief in contrast to Romanism holding it to be formally of the faith itself was the near universal view of Protestantism in that era and the article shows the ethical and Scriptural coherence of this view You will learn more about the metaphysics of Christ's Person than you ever have and that is just the beginning See what you think and may it whet your taste for reading more of Mastricht

The Disproof of Christianity Adam Weishaupt, 2013-01-25 This incendiary book constitutes a formal theological disproof of the central tenets of Christianity the Trinity and the Incarnation Christianity is a staggeringly false religion The reason most Christians continue to believe is that a they have been relentlessly brainwashed and b they don't actually know anything about Christianity The absurdities of Christianity can be understood only by examining the many heresies that sprang up in the early centuries of the Church challenging every aspect of orthodox Christian thinking These heresies have boxed in Christianity so much that all that's left is a statement of what Christianity ISN'T It's only possible to be a Trinitarian Christian by stating the empty formula three persons in one God without ever daring to specify what person means Similarly Christians mouth the hollow formula of the Incarnation two natures human and divine in one person without having any idea of what nature means

Origen of Alexandria and the Theology of the Holy Spirit Micah M. Miller, 2024 This book offers a comprehensive account of Origen's pneumatology In its examination of the Holy Spirit's identity who the Spirit is and activity what the Spirit does the study reads Origen in his context and surveys his entire corpus It also provides a fresh perspective of Origen's Trinitarian thought

Touching Stories of My Life in Journey to Christian Holiness and Hands-on Patient Care in a Weeping Healthcare Ramsis F. Ghaly FACS, MD, 2019-08-26 This is the twelfth book of the series Christianity and the Human Brain It integrates the neuroscience and the Bible the Holy Book of our Lord Jesus My love for our Lord Jesus Christ abides with my lifetime passion for neurosurgery and medicine my continual obsession of spiritual connectivity of the Holy Spirit to the human brain that indeed separates mankind from all other living creation It has been my belief that the human brain does not limit itself to the physical skull but rather extends in a nonphysical form to the outside spiritual world even while living on earth In other words a big part of the human brain is actually outside the skull and the body As I perform brain surgeries for three decades I realize my theory is so true The majestic human brain can't be just the 1 500 grams of jelled matter inside the skull The human journey therefore is transforming the human brain to become a brain of a man of God and the hand of man to a hand of a man of God The spiritual human brain never dies only the flesh It is the center of my calling and unrelenting meditations while roaming in the

heartfelt spirit lacking the physical proof that science demand of me My life is dedicated to my Lord Jesus patients and residents As a physician I have reached the top in America I am a professor of both neurological surgery and anesthesiology and I am well published in famous medical journals As an academic teacher I trained for more than thirty four years graduating thousands of trainee But all is nothing as I strive for the Christian holiness and fullness In a weeping healthcare with many patients falling victims I included actual patients miracles testimonials and sincere quotes as a testament to the Almighty and the dire need for faith and integral goodhearted medicine This book is full of many vibrant stories that I love to share It is timely since I consider my generation soon will be viewed obsolete to the future generations and what will remain are the books I authored The book is a text of wealth covering broad and diverse topics of my life s journey in 134 chapters and organized over 14 sections So many chapters are written about my special love for Lord Jesus Christ and His children In poems deep reflections and spiritual release of mind I wrote extensively In fact I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories A special section is dedicated to the mothers newborns and little children While my soul is grieving a section is designated on the ongoing Christian persecution especially the genocide of Christians in my country Egypt the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn t otherwise convey for one reason and another such as neuroscience in aerospace and some of the timely touching subjects like drug overdose human trafficking and healthcare crises Few chapters included are about my personal views and introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our Savior It is never enough to share our love write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about

A New Harmony J. Philip Newell,2011-06-09 A more holistic and natural way of thinking about faith In his previous book Christ of the Celts J Philip Newell emphasized the Celtic view of the oneness of creation and humanity as expressed through Christ In that poetic treatment of the wisdom of Celtic spirituality Newell pointed the way to a more peaceful harmonious integrated Christianity A New Harmony takes the next step forward in emphasizing the need to overcome divisions and find common ground and to reclaim the best of ancient Christian spirituality and a more holistic natural way of thinking about faith Offers a view of spirituality rooted in ancient insights that includes and extends beyond Christianity Presents the case for the need for a new harmony that is both mystical and relational The author J Philip Newell is a well known expert on Celtic Christianity and the author of the acclaimed Listening for the Heartbeat of God

Christian Dogma James Morgan, 1928 *Christianity and Western Theism* Katherin A. Rogers, 2023-09-01 This book explores central philosophical questions in Christian theology and doctrine through the perspectives of three of the most influential Christian thinkers St Augustine St Anselm and St Thomas Aquinas Chapters analyze long contested debates around the Trinity Original Sin the Incarnation Grace Divine Foreknowledge and Free Will the Afterlife and Christian Exclusivity From these topics emerge the hard questions How are ideas of monotheism and the Trinity reconciled Is the doctrine of the Incarnation coherent Why does God give grace to some and not others How can the afterlife be understood How should non Christians be treated Through a compelling comparative investigation of these ideas Christianity and Western Theism uses the enduring concepts of three towering philosophers to show that Christian doctrine though difficult is coherent and to some extent understandable As an engaging and accessible introduction to this topic this book is the ideal resource for new students of Christian Thought Christian Philosophy Philosophy of Religion and Medieval Philosophy **A Brief Treatise Upon the Nature, Faculties, Value, and Final Destination of the Human Soul** William Neville, 1845 **History of the Development of the Doctrine of the Person of Christ** Isaak August Dorner, Issac August Dorner, 1889 A System of Christian Doctrine Isaak August Dorner, 1882 Cyclopædia of Biblical, Theological, and Ecclesiastical Literature John McClintock, 1894
