Christ Prometheus A New Image Of The Secular:

Christ and Prometheus William F. Lynch (s.j.),1972 *Christ and Prometheus; A New Image of the Secular* William F. Lynch,1970-06-01 **Gnosis and the Theocrats from Mars** Francesca Aran Murphy,2020-11-12 This book provides a

creative and highly imaginative critical theological genealogy of modern secular reason and the nature of modernity more generally Francesca Murphy offers a critical perspective that shapes the exploration of modernity driven by Catholic traditions and sources Murphy's method is unique she uses artificial intelligence as her framing parable analyzing the nature and limits of the robotic reasoning of several AI characters Pistis Gnosis and Cultus This enables her to develop several interrelated themes with further didactic chapters offering a mytho poetic retelling of human history Her reflections on the absence of creativity and any meaningful relation to time further renders an acute critique of the limits of technological rationality The end result is an unusual and compelling exploration of rationality and fundamental theological anthropology

Extraordinary Hearts Nick Benton,Nicholas Benton,2014 This book is a compilation of 100 columns published under the title Nick Benton's Gay Science on consecutive weeks from October 2010 through September 2012 on the website of the Falls Church News Press and in print in the Metro Weekly one of two prominent newspapers for the Washington D C metropolitan area LGBT community That period covered the repeal of Don't Ask Don't Tell the Broadway revival of Larry Kramer's powerful play The Normal Heart the President of the United States proclaiming himself in favor of gay marriage as well as the ongoing positive progression of gay rights Benton's columns contributed to the dialogue shaping LGBT identity and self esteem going forward into a new world of equality **Building the Human City** Dr. John F. Kane,2016-03-30

Building the Human City is a first overview of the award winning yet quite diverse works of Jesuit philosopher William F. Lynch Writing from the 1950s to the mid 1980s Lynch was among the first to warn against the fierce polarizations prevalent in our culture wars and political life He called for a transformation of artistic and intellectual sensibilities and imaginations through the healing discernments and critical ironies of an Ignatian and Socratic spirituality Yet the breadth of his concerns from cinema and literature to mental health and hope to secularization and faith as well as the depth of his thought philosophical as much as theological led to little initial awareness of the overall vision uniting his writings This book while exploring that vision also argues that the spirituality Lynch proposes is more needed today than when he first wrote

Christ and Prometheus William F. Lynch,1970 *Whitaker's Cumulative Book List* ,1974 **Ministries, Sharing God's Gifts** James B. Dunning,1980 offers a vision of the Church in which all its members may truly share the talents which are uniquely theirs The author clearly knows his terrain and he skillfully leads the reader through it with a writing style that is both engaging and enlightening from back cover **Horizons** ,1980 Adam's Curse Denis Donoghue,2001-04-23 Taking its title from a poem of William Butler Yeats this collection of essays focuses on Adam's Curse the burdens and harsh conditions that as Denis Donoghue underscores throughout make any human achievement difficult As he says those

conditions include at various levels of reference the Fall of Man categorical failure loss the limitations inscribed so insistently in human life that they seem to be in the nature of things like death and weather But hope is never ruled out as Donoghue reminds us of the possibility of putting up with the conditions and turning them to some account It is the putting up with the conditions and turning them to some account a post lapsarian struggle fraught with religious questions that most interests Donoghue These essays which are explorations of both faith and literary works that engage faith address a dazzling range of texts and writers Yeats Milton Larkin Heaney Emmanuel Levinas Alasdair MacIntyre John Crowe Ransom Henry Adams William Lynch's Christ and Apollo and Robert Bellah's Beyond Belief among others Common to all is an alertness to the social bearing of literature and the role it plays in relation to politics religion and especially ethics What emerges for Donoghue is the need to restore the primacy of theology and church doctrine without evading the dark parts of the Old and New Testaments Through his probing reflective encounters with philosophical and religious issues we witness a magisterial intelligence at work

The Publishers' Trade List Annual, 1989 **British Paperbacks in Print**, 1984 **The Library Journal Book Review**, 1971 *Renaissance and Renascences in Western Literature*, 1979 *A General Doctrine of the Sacraments and the Mystery of the Eucharist* Johann Auer, 1995 In *A General Doctrine of the Sacraments* Johann Auer aims to achieve a deeper understanding of the inner structure of the sacraments and of how they determine the structure of our Christian existence In *The Mystery of the Eucharist* Auer takes account of the biblical historical and theological aspects of the Church's teaching on the Eucharist
