Christ And Contemporary Crises:

Christ and Contemporary Crises Wallie A. Criswell, 1972 *God and the Crisis of Freedom* Richard Bauckham, 2002-01-01 This book outlines a biblical understanding of freedom and the particular ways in which Christians choose to exercise that freedom in response to major issues confronting the world today Specifically Bauckham constructs a Christian understanding of freedom explores the authority of Scripture in modern and postmodern contexts and also examines themes of tradition ethics oppression and ecology as they relate to issues of freedom and authority *Modern Thought and the Crisis in Belief* Robert Mark Wenley, 1909 **The Legacy and Limits of Vatican II in an Age of Crisis** Catherine E. Clifford, Kristin M. Colberg, Massimo Faggioli, Edward P. Hahnenberg, 2025-04-15 A renewed approach to the critical study of the event and documents of Vatican II necessary for responding to the challenges facing today's church Packed with new insights from some of today's most highly regarded voices on the Second Vatican Council *The Legacy and Limits of Vatican II in an Age of Crisis* enacts the living tradition of the church by proposing a richer history to be told sixty years from its celebration and a broader theology to inspire our work today Vatican II did not anticipate our contemporary challenges nor do its documents provide specific guidelines or step by step instructions for addressing them But that does not make the council irrelevant As a touchstone of the church's magisterial tradition the Second Vatican Council remains foundational for the life and mission of the Catholic Church today However like any monument of the tradition the council requires ongoing investigation critical analysis and constant reconsideration from a diversity of contemporary perspectives if it is going to contribute to the living tradition of the church Through historical and theological lenses the contributors aim to rediscover forgotten voices and overlooked moments of Vatican II that may have something even more important to say today Each chapter promises to surprise enlighten inspire and teach in fresh and unexpected ways The contributors offer readers striking insights on the council's teaching related to the sexual abuse crisis antiracism politics the Synod on Synodality and much more By reexamining the teaching of Vatican II from the perspective of our present ecclesial crisis readers will have a better understanding of how its legacy and limits affect the ongoing reform of the church in a much changed theological ecclesial and social landscape *Christianity and Crisis*, 1979 A bi weekly journal of Christian opinion **Social Crisis Preaching** Tyshawn Gardner, 2023-02-01 This book provides a theology for social crisis preaching by arguing that Christian proclamation is the best prescription for the social crises in our world *Social Crisis Preaching* positions the pastor as a sacred anthropologist one who is aware of both the crises in one's community but also as one who has a firm understanding of the people in the pews It also equips the preacher with both the hermeneutical and homiletical tools to confront social crisis with biblical integrity Lastly this book argues that social crisis preaching develops Christians disciples and congregations as those who care about and confront the social crisis in their neighbor's community following the biblical mandate to love your neighbor as yourself **The Coming Crisis** Mark Chapman, 2001-09-01 This is a compelling case study of a distinctive

theological theme the eschatological interpretation of the historical Jesus in Edwardian England as an attempt to add greater precision to the history of theology in a neglected period Looking at the impact of Adolf Harnack Alfred Loisy Albert Schweitzer and Johannes Weiss on biblical studies and theology before the First World War Chapman argues that the future course of theology in which eschatology played such a crucial role was already mapped at this time Assessing the work of William Sanday F C Burkitt and George Tyrrell Chapman looks at the theological diplomacy between Britain France and Germany and uncovers a cultural crisis that made eschatology such an appealing idea

Hope in Times of Crisis Marina Ngursangzeli Behera, Michael Biehl, Risto Jukko, Kenneth R. Ross, 2025-06-06 The early twenty first century has dashed hopes for a more peaceful harmonious and prosperous world order as many societies have been plunged into conflict and living conditions for many have become ever more precarious The crisis is compounded by the advance of damaging climate change that jeopardizes the future of life on earth Where can the imagination be found to meet such an unprecedented crisis This book mines one hundred years of ecumenical reflection on mission affirming the strengths of this tradition It does so in a spirit of metanoia repentance recognizing that churches and missions were often complicit in trends that have proved to be damaging At the same time it draws on elements of renewal in thinking about mission cherishing of life environmental responsibility action for justice deepening of spirituality working from a basis in ecumenical Christianity to make common cause with people of all faiths and convictions who share similar concerns While the book is unflinching in confronting the injustice and destructiveness of the prevailing world order its final message is one of hope proposing that a retrieval and renewal of the ecumenical vision holds the promise of a brighter future

The Present Crisis in Religion William Edwin Orchard, 1929

Fearful Times; Living Faith Robert Boak Slocum, Martyn Percy, 2021-11-19 We live in fearful times with many threats and horrors We've seen a pandemic systemic racism and violence resurgent nationalism and tribalism polarization and mutual suspicion insurrection environmental peril due to climate change and on We can feel helpless But these threats give impetus for reflection on what faith has to say in any time of challenge Where do we turn in real need What makes a difference What do we really believe Can we speak in Christ's name against dishonesty cruelty and neglect of the most needy and vulnerable in times of crisis The recent pandemic and other horrors provide the catalyst for theology that lives today and in the future in fearful times and whatever comes next As Christians as people of faith how do we find God alive in us and present in our turmoil And how do we share that

hope with others How can Christian faith help us bring the best out of the worst Can we rediscover our faith our church our lives in these times of crisis This volume presents a variety of perspectives and answers for questions of fearful times and living faith *The Life of Christ: book 5. The crisis. chap. 3-12. book 6. The Jerusalem period. book 7. International Convention,1910 Crises in the Early Church John Alfred Faulkner,1912 I have been asked to give a brief but adequate discussion of the crises in early Christian history so that they could be understood by ministers theological students and laymen who might be interested in the origins of their religion a discussion founded on a study of the sources and of modern scholars This little book is a modest attempt to meet that request For the sake of those who wish to verify statements made in the text and to carry on further studies it has been necessary to add notes but these have been made as short as possible and it is hoped that they will not interfere with the pleasure of reading by those who do not care for them Brief bibliographical lists will be found in an appendix In that appendix also I have taken occasion to add some information on points referred to in chapters I and IV namely on the authenticity of the Great Commission and baptismal command p 160 and on that most interesting movement Montanism p 161
