Christ The Crisis Basic Questions Concerning Christology:

Jesus, Son of God, Son of Mary, Immanuel Donald J. Goergen, 2003-09-04 *Christ the Crisis* Friedrich Gogarten, 1972

The Rowman & Littlefield Handbook of Christianity in the Middle East Mitri Raheb, Mark A. Lamport, 2020-12-15 This work represents the current and most relevant content on the studies of how Christianity has fared in the ancient home of its founder and birth. Much has been written about Christianity and how it has survived since its migration out of its homeland but this comprehensive reference work reassesses the geographic and demographic impact of the dramatic changes in this perennially combustible world region. The Rowman Littlefield Handbook of Christianity in the Middle East also spans the historical socio political and contemporary settings of the region and importantly describes the interactions that Christianity has had with other major minor religions in the region.

Jesus in Latin America Jon Sobrino, 2004-10-29 Jon Sobrino's qualifications as a theologian and the importance of his theological work are universally acknowledged but the orthodoxy of his work and the orthopraxis of the activity it sets in motion are controversial. Sobrino responds to critics in this collection of articles on the theme of Jesus of Nazareth and his relevance to Christian life and faith in Latin America. The christology Sobrino argues for affirms belief in the divinity of Jesus and the centrality of Jesus' relationship with the poor and oppressed. It is as Juan Alfaro says in the Foreword, a christology springing from Christian faith as lived in the historical situation of the Latin American people.

Companion Encyclopedia of Theology Peter Byrne, Leslie Houlden, Rev Prof Leslie Houlden, 2002-09-11 In 48 separately authored self-contained articles by an international team of both Christian and Jewish theologians and practitioners, this Companion provides a thorough examination of the place of Christianity in the modern world.

Princeton Theological Seminary, 1913 **Mission and Context** Jione Havea, 2020-06-30 Mission is contrived from and performed over lived contexts but the visions that guide and drive mission are oftentimes blinded by power position protection and plenitude. This collection visits those matters with queering attention to the shadows that empires cast over the contexts of mission and to the collusion and complicity of Christians and churches with empires past as in the case of Rome and present as in the case of the United States of America. In the interests of those in mission fields who survived but continue to agonize under the burdens of empires, the contributors to this work dare to re-vision the course and cause of mission. Writing from minoritized settings in Africa, Asia, the Americas, and Oceania, the authors interweave the principles and practices of mission with the opportunities in decolonial theology and hermeneutics. Minoritized and migrant Christologies, repatriation and the courage to get up and get out, indigenous insights and wisdom, mission archives, stories of resistance and endurance in zones of contact and violence, restless souls and returning spirits, and
