and Enemies

PETER SCHMIECHEN

# Christ The Reconciler A Theology For Opposites Differences And Enemies

**Judd E. Hollander**

## **Christ The Reconciler A Theology For Opposites Differences And Enemies:**

**Christ the Reconciler** Peter Schmiechen, 1996 This is a print on demand book and is therefore non returnable After first analyzing the dysfunctional state of America s churches with their capitulation to modern culture Schmiechen argues convincingly that the church can be renewed only through the recovery of Christ s gospel of reconciliation

**Defining the Church for Our Time** Peter Schmiechen, 2012-06-12 The church is broken and we cannot fix it Faith in God is disconnected from churches Mainline churches are deeply divided and their budgets and congregations have diminished with no agreement for recovery So what shall we do It is time to stop talking about the problems and to consider a new vision of the church for our time This book is a celebration of the church as the community of new life in Christ It assumes Christ intended to create a community on earth embodying grace and holiness It begins with a new and inclusive definition of the church as a community enduring in time It affirms the great variety of churches all as valid expressions of the new life and explains how and why churches are formed in different ways The goal is for churches to celebrate the saving power of Christ and to see the glory of God revealed in the world in our time

The Exiled Church Martyn Percy, 2025-03-31 The Exiled Church explores how churches and faith communities are faring in a highly secular contemporary culture In many places traditional denominations are in steep decline church buildings are up for sale even fast growing new churches appear to be in a boom and bust trajectory and religion has effectively retreated from public life Yet it was in exile that Israel discovered a deeper and truer knowledge of God

*Seeing-Remembering-Connecting* Karen L. Bloomquist, 2016-02-02 This book draws from Bloomquist s many years and formative experiences as a pastor theologian activist seminary professor and speaker in a number of settings both within the Evangelical Lutheran Church in America ELCA and ecumenically and globally Drawing insights from many sources Seeing Remembering Connecting proposes a new church in society framework so that faith communities can engage and transform the urgent systemic injustices confronting us today This new framework seeing remembering connecting evokes ordinary practices that can engage those from diverse faith traditions and from no faith tradition and points to the heart of what churches have long been about God is becoming manifest in and through what these verbs imply as transcendentally immanent Seeing remembering connecting is nurtured over the long term in faith communities as they put together what is fragmentary or forgotten point to what is true and empower communities to see remember and act in organized actions with others across boundaries of religion geography and self interest

**Tradition in Crisis** Peter Schmiechen, 2022-08-22 Does it matter whether traditional Protestants survive Yes because they are a distinct and necessary voice in American religion Here that case is made along with an honest assessment of what went wrong We are witnessing the death of churches relying on agreement based on race class and tradition or the newer divisions of left or right religion and politics Now is the time to reclaim the church based on the grace and community of Christ For this to happen we need to heed Martin Luther s claim that the only treasure of the church is Jesus Christ as well as Martin Luther King Jr s dream of an

America where all people may gather together in peace

**Saving Power** Peter Schmiechen, 2005 Jesus death and resurrection are undeniably central to the Christian faith But how precisely is their significance to be understood Concerned to reinvigorate the church's teaching on the cross the resurrection and salvation the atonement Peter Schmiechen here invites readers to rediscover the wealth of the Christian tradition In *Saving Power* he makes ample use of primary sources to unpack ten distinct theories of atonement welcoming aspects of each rather than championing only one Along the way he demonstrates that while most Christians assume the basic theme of atonement to be sin and forgiveness other powerful themes liberation from oppressive powers reconciliation in the face of division and the hope of resurrection in the face of death for instance also deserve to be studied and preached Affirming orthodox teaching while offering a positive take on marginal views *Saving Power* is a crucial resource for anyone who seeks a fuller understanding of Christ's work

**The Living Church**, 1997

**Redemption** Nicholas Roumas, 2025-08-05 A bold trailblazing investigation into soteriology approached by way of Girardian mimetic theory and Eastern Orthodox theological reflection *Redemption A Mimetic Soteriology* brings French literary critic René Girard's mimetic theory of human behavior together with a breadth of Christian approaches to redemption through the Cross Girard's mimetic understanding of sacrifice is drawn upon to illuminate biblical narratives about redemption as well as the theologies of Anselm of Canterbury Peter Abelard and Gregory of Nyssa Nicholas Roumas shows by these readings that redemption can be understood as a reconfiguration of symbolic values with profound consequences for human relations and social organization *Redemption* thus serves theologians as a basis for a new practical dogmatics This exploration is a breath of fresh air in Orthodox theology utilizing patristic and scriptural sources outside the framework of the predominant neo-Patristic synthesis and introducing an entirely new modern paradigm onto the Orthodox scene For theologians of other traditions *Redemption* contributes to the library of Girardian theologies its first Eastern Orthodox installment For Girardians it provides critique and refinement of many of Girard's most nuanced views and gives due attention to overlooked and controversial aspects of his thought For the lay reader the book provides an accessible entry into the spirituality of the Cross through a lens that is both modern and traditional *Redemption* provides a revitalizing infusion into contemporary Orthodox theological discourse Its ideas will impact theology in the Orthodox Church and beyond for decades to come and are the basis for a paradigm shift in our understanding of redemption and its practical consequences The lay reader and professional theologian alike will find novelty and utility in its ideas
