**Christians Organizing for Political Service** James W. Skillen, 1996  
James W. Skillen, 1980 *Power Made Perfect?* Timothy R. A. Sherratt, 2016-03-02 How would politics be different if Christians acknowledged Jesus Christ as the archetype of all rulers democratic and nondemocratic How would our practice of politics change if we recognized the suffering love of Christ as the truest exercise of power *Power Made Perfect* offers a distinctive approach to government and politics It is important the author argues to ask how creation provides guidance for political conduct for politics to be an exercise in piety and to approach politics in a fallen world with prudence and not in pursuit of ultimate solutions But it is even more important to begin with Jesus Christ Christ is the rightful ruler of the world who exercises power by suffering and dying for guilty humans All political activity is held to the standard of Christ's sacrifice In this book Timothy Sherratt surveys major Christian political initiatives and schools of Christian political thought with a particular emphasis on American politics before outlining ways in which Christians in churches can practice faithful political engagement *Evangelical Dictionary of Theology (Baker Reference Library)* Walter A. Elwell, 2001-05-01 Fifteen years after its original publication comes a thoroughly revised edition of the *Evangelical Dictionary of Theology* Every article from the original edition has been revisited With some articles being removed others revised and many new articles added the result is a completely new dictionary covering systematic historical and philosophical theology as well as theological ethics

**The Reality of Christian Learning** Harold Heie, David L. Wolfe, 2004-01-20 Building on foundational studies on the relationship of faith and learning this book presents concrete examples of ways in which a Christian perspective can be brought to bear on scholarship in various academic disciplines The editors present a typology of various strategies for faith discipline integration which are then exemplified by two essays in each of seven disciplines political science sociology psychology biology mathematics the arts and philosophy In each discipline a principal essayist addresses a significant issue from a Christian perspective a respondent then analyzes that essay suggesting at least one alternative approach **The Christian Century**, 1916 **Coffee Shop Conversations** Russell Meek, N. Blake Hearson, 2013-05-07 There are numerous issues in the public square confronting the Western church While there are any number of books available on each of the topics engaged in this collection of essays just war family planning rest immigration politics economic recession fair trade and health care there is no compact guide that approaches each of these issues from an evangelical perspective *Coffee Shop Conversations* does just that The book does not aim to address each issue exhaustively instead it offers an evangelical approach to these topics with the hopes that the door will be opened for further conversation This book brings together the expertise of several evangelical scholars who are committed to serving the church through scholarship The volume is therefore ideal for student ministry Sunday school classes small groups and individuals interested in engaging the wider culture from a stance that is well reasoned and committed to biblical faith and practice **Confessing Christ in Doing**

Wagenman,2019-08-21 Christ declares Mine over every square inch of creation In his well known quote Abraham Kuyper expressed the defining characteristic of his public theology Jesus sovereignty extends over all things He believed Christians should engage the whole world in all of its various spheres But what does that comprehensive calling practically look like for us today In Engaging the World with Abraham Kuyper Michael Wagenman explores the practical application of Kuyper s public theology Using Kuyper s own life as an example he shows us how the gospel can permeate all aspects of society our identity public discourse education the church politics Ultimately this means engaging the world with perceptive truth that s mindful of the dynamics at work in our time and place      *The Christian Workers Magazine* ,1919      **The Christian Advocate** ,1929      *The Resource Guide for Christian Counselors* Douglas R.
