Public Sector Leadership Petri Virtanen, Harri Jalonen, Marika Tammeaid, 2022-11-30 Drawing its origins from the Human Relations movement of the early 20th century and from public leadership orientations emphasising human aspects human centred public leadership approaches leadership from a system's perspective It explores societal institutions organisations and phenomena as an emergent system structure that manifests its existence through the multilateral and reciprocal interaction of its parts Systems thinking and the need for systemic change suggest that one can only understand and improve a system by looking at how all the parts interact with each other and how they are integrated The systemic nature of public leadership refers to dynamic learning mechanisms as they relate to the contents of leadership development tools which are derived mainly from the changing mode of the operating environment from the leaders own experience from their own personalities from a learning by doing approach to leadership development and from the ways in which leaders learn and unlearn This book presents key concepts approaches origins applications and best practices to understand the evolution and nature of human centred approach in public leadership It introduces a new public leadership paradigm that is needed in a complex internationally interconnected social economic cultural and political environment Based on scholarly public leadership research in addition to the authors professional experience as academics managers practitioners and consultants this volume offers guidance for decision makers public business and non governmental sector leaders managers and practitioners about how to create a context and contents for human centred leadership in the age of complex society and turbulent operating environment It will be of value to researchers academics and students in the in the fields of leadership and public management

Education for the Professions in Times of Change Linda Clarke, 2020-12-02 The eminent

Harvard educationalist Howard Garner writes a preface to the Place Model within his Good Project Blog which provides a preface to this timely book Professional is a slippery term open to willful abuse misuse and misunderstanding as evidenced by the ways in which this chameleon term can be used as both a compliment and an insult In this book academics from a range of professional fields deconstruct professional and reimagine professionals in an age of rapid change where professionals are both increasingly in demand and frequently under threat Several deploy the lens of Clarke s Place Model to examine professions including teaching midwifery social work journalism and optometry Some papers are empirical and some are based around using the Place Model as a thought experiment All turn a critical eye on professionals and all find them to be like all humans neither devils nor divines Maya Angelou but at their best a combination of two indispensable characteristics trustworthiness and expertise
