c't Working with AI c't-Redaktion,2024-01-24 The special issue of c t KI Praxis provides tests and practical instructions for working with chatbots It explains why language models make mistakes and how they can be minimised This not only helps when you send questions and orders to one of the chatbots offered online If you do not want to or are not allowed to use the cloud services for data protection reasons for example you can also set up your own voice AI The c t editorial team explains where to find a suitable voice model how to host it locally and which service providers can host it The fact that generative AI is becoming increasingly productive harbours both opportunities and risks Suitable rules for the use of AI in schools training and at work help to exploit opportunities and minimise risks Man vs Big Data Stewart

Cowley,2017-10-19 Have you ever wondered how to beat the bookies How does your computer know you might like this song Should you be worried about this We can t answer that for you but Man vs Big Data does explore the numerous ways in which Big Data has sometimes imperceptibly infiltrated our lives Everything we do leaves a trail of data behind from buying something on a credit card to using a GPS enabled mobile phone whether you know it or not like it or not Big Data is now a part of modern life Heralded as the Fourth Industrial Revolution it is now more crucial than ever to learn about how data is affecting the way we live Man vs Big Data proves that this topic is one of the most important subjects facing us today and helps you get to grips with what that means for you **The Fourth Intelligence Revolution** Anthony Vinci,2025-10-28 A

former senior intelligence officer reveals how espionage is being transformed by a new global intelligence race driven by AI and competition with China and how this impacts all of our lives The new global intelligence competition has brought espionage into our workplaces and our living rooms Adversaries like China Iran and Russia have realized that the human element is the weakest link in our industrial and political infrastructure As a result they target all of us stealing our financial data and medical records eavesdropping on our conversations and using platforms like TikTok and Hollywood movies to influence our opinions The Fourth Intelligence Revolution reveals how the undercover adventures of World War II the spy versus spy confrontations of the Cold War and the find fix and finish counterterrorism missions after 9 11 have given way to the most dangerous period of espionage yet This eye opening account exposes how intelligence now permeates every corner of society from economic espionage and genetic data gathering to information operations targeting children through AI chatbots even extending to reconnaissance on the far side of the moon Both a warning and a call to action The Fourth Intelligence Revolution suggests that we are all in essence becoming intelligence officers and that citizens have both the power and responsibility to reclaim intelligence to safeguard and strengthen our democracy Business Benchmark Upper
