Mary Jayanthi,Christopher D. Gabriel,Hazel P. Atilano,2024-12-31 This is an open access book The English language stands as a pivotal tool for fostering international dialogue facilitating the acquisition of scientific and technological knowledge propelling economic growth and enabling participation in global competition Its prestigious role in a myriad of domains has significantly elevated the importance of English Language Teaching ELT Among the emerging approaches in ELT the integration of Artificial Intelligence AI particularly within the framework of Communicative Language Teaching CLT offers transformative potential To harness the benefits of AI in ELT substantial investments have been directed towards modernizing educational curricula revising English syllabi to incorporate AI driven principles and methodologies developing communication oriented textbooks crafting skill focused assessments and enhancing educators comprehension of novel language learning theories and pedagogies This comprehensive approach aims to elevate the effectiveness of ELT by aligning it with contemporary technological advancements However the widespread endorsement of CLT and AI integration is not without its challenges Despite the professed commitment of many educators to CLT resistance persists across both Eastern and Western educational contexts Cultural specialists and educators frequently debate the necessity appropriateness and efficacy of CLT and AI in language teaching This ongoing debate underscores several constraints including insufficient resources limited instructional time and a lack of linguistic and sociocultural competence among educators Consequently ELT pedagogies have evolved differently across various social cultural and economic environments reflecting the diverse contexts in which they are implemented The 7th Celt International Conference

CIC aims to provide a critical platform for examining the complexities of integrating CLT and AI within the culturally nuanced landscapes of English Language Literature and Arts education. The conference will explore how deeply ingrained cultural expectations can conflict with the adoption of innovative teaching methodologies and how such resilience can be navigated to enhance the educational experience. We invite educators, policymakers, sociologists, cultural experts, business leaders, artists, and entrepreneurs to participate in the 2024 CIC Webinar. This event, themed "Cultural Resilience and the Emergence of AI in the Teaching and Learning of English Language Literature and Arts," will facilitate an exchange of experiences, ideas, and practices that address the intersection of tradition and innovation in the context of ELT. Your participation will contribute to a richer understanding of how to effectively integrate AI in language education while respecting and adapting to cultural particularities. Join us in this crucial dialogue and be part of shaping the future of English Language Literature and Arts education amidst the challenges and opportunities presented by AI and cultural resilience.
