Treatment Program Evaluation Allyson Kelley,2022-06-01 This invaluable text provides a rigorous guide to the assessment and evaluation of treatment programs through a multi disciplinary holistic model of care It highlights issues of race social justice and health equity and offers real world guidance to effect community healing and transformation Written by a researcher and experienced evaluator the book begins by outlining the theories and research which frame our understanding of substance misuse and upon which treatment programs are based It then examines the principles which should underpin any evaluation before detailing the practical various steps required to conduct an evaluation from data collection to outcome measurement The book shows too through detailed and effective evaluation policy changes can be made and treatment programs improved Including practical examples

of evaluation and assessment throughout and also assessing the numerous social systems which can support recovery the book builds to a four step public health model for establishing sustainable treatment programs In an era where substance misuse has reached epidemic proportions in the United States and beyond this book will be essential reading for anyone involved in public health policy and practice in this important area *Catalog of Copyright Entries.
