Easy Ai Tools For Teachers For Beginners For Men:

Indigenous Teaching Disciplines and Perspectives for Higher Education Kgari-Masondo, Maserole

Christina,2025-03-28 Literature indicates that sociolinguists and educationists often claim multilingual practice and Africanizing and Indigenizing education will jeopardize national unity and social cohesion Such claims delay the implementation of decolonization policies and the transformation of the curriculum under false assumptions However research reveals many Indigenous students struggle with higher educational content which is often presented through languages that are unfamiliar to them This implies that there is a need to uncover resources that can assist in necessitating the implementation of Indigenous education globally and that all multilingual strategies in education must be based on quality mother tongue illustrative content as its foundation As a result further research on the subject is necessary to enhance teaching strategies that reach all Indigenous students Indigenous Teaching Disciplines and Perspectives for Higher Education illustrates the need for the implementation of a decolonized teaching and learning curriculum with integrated resources as models It explores how to improve Indigenous knowledge content and teaching methods Covering topics such as cultural identity African research methodology and Indigenous media this book is an excellent resource for teachers

policymakers school administrators researchers scholars academicians and more **Reconstructing Our Orders** Donghan Jin,2019-05-07 This book discusses in detail the great historical and social significance of the development of Artificial Intelligence AI It consists of seven chapters each focusing on a specific issue related to AI such as ethical principles legal regulations education employment and security Adopting a multidisciplinary approach it appeals to wide readership ranging from experts and government officials to the general public Artificial Intelligence for Education Mario Allegra,Manuel

Gentile,Giuseppe Città, Frank Dignum,Iza Marfisi-Schottman,2023-11-27 What learning teaching and education will be in the next future is an open question Nevertheless believing that an increasing prevalence of AI may not influence the education field seems objectively unlikely In recent years the new renaissance of AI has stimulated discussion on how advances in AI can influence the educational sector and the future educational policies and the impact of AI on Technology Enhanced Learning TEL On the other side the attention of the education sector in artificial intelligence is complemented by the consideration that since the early days of AI researchers have shown for the education sector which has often seen education as one of the preferred application areas The interaction between the AI and TEL research fields led to the investigation of how the advance in AI could support the development of flexible inclusive personalized engaging and effective learning tools Besides research in this area could be a powerful tool to open the learning black box by providing a deeper understanding of how learning occurs The proposed Research Topic aims to gather contributions that provide a comprehensive picture of how AI is changing educational practices and how the key stakeholders in the educational community i e students teachers faculty and families perceive this ongoing change Relevant topics include but are not limited to AI applications in real world

educational settings Intelligent Tutoring Systems Adaptive learning environments Learning design and AI Students profiling definition of the student model and ethical implications Intelligent techniques for objective and integrated students evaluation in TEL Teachers competencies for effective integration of AI into Education Teachers perceptions of AI prejudices and attitudes The role of cognitive architectures in Education Serious games and AI Social robotics in Education

Comprehensive Sexuality Education for Gender-Based Violence Prevention Buenestado-Fernández, Mariana, Jiménez-Millán, Azahara, Palacios-Hidalgo, Francisco Javier, 2024-05-20 In a world where gender based violence remains an alarming global issue with statistics revealing high rates of physical and sexual violence against women the need for effective intervention is paramount Grounded in the multifaceted approach advocated by international expert groups Comprehensive Sexuality Education for Gender Based Violence Prevention strives to illuminate the vital relationship between comprehensive sexuality education and the prevention of gender based violence among young people This book delves into the critical aspects outlined in the Sustainable Development Goals SDGs by addressing the urgent call for expansive multi sectoral interventions Drawing from a wealth of scientific literature it emphasizes the importance of moving beyond the biological aspects of sexuality education to encompass emotional social and cultural elements Through a multidisciplinary lens this book explores how comprehensive sexuality education can serve as a powerful tool to combat gender based violence offering young people an understanding of sexuality gender dynamics and healthy relationships The chapters examine the integration of inclusive curricula in schools the pivotal role of families in sexuality education and collaborative efforts between activists schools and education stakeholders This comprehensive resource caters to a diverse audience making it an indispensable tool for researchers seeking knowledge and inspiration for further inquiry teachers enriching their educational programs and health professionals to understand the intersection of education sexuality and violence **The Female**
