research on issues affecting young people in Africa but also expanding youth participation in academic publishing Thematically the contributions cover topics ranging from the digital divide on the continent to the role of gender in the entrepreneurial activities of young people from the motivations behind agricultural livelihoods to the impact of conflict on income generation and more In addition to this thematic range the issue highlights the critical importance of young African researchers contribution to identifying and responding to key research gaps in youth livelihoods research *The Mediatrician's Guide* Michael Rich, MD, MPH, 2024-02-06 A Whole Child Approach to Digital Wellness and Healthy Media Use a godsend for the parent whose child is glued to their smartphone or laptop Michael G Thompson Ph D psychologist author of Raising Cain In this holistic approach Dr Michael Rich empowers you to guide your children toward smart and healthy digital choices with straightforward instructions and actionable advice that you can customize for your family s specific needs Known as the Mediatrician due to his acclaimed work as a pediatrician child health researcher and children s media specialist Dr Rich presents a compassionate and realistic look at the reality of growing up in a screen saturated world and how you can help your kids emerge from a technology rich environment as happy well informed empathetic adults Backed by scientific evidence and decades of professional and personal practice The Mediatrician s Guide will give you the tools to Combat toxic media influences and virtual addiction Train your family toward digital wellness Understand what your child is learning from media Rise above the anxiety of digital inundation and find a healthy happy medium offer s seasoned and sensible guardrails as we all enter this brave new world together Sanjay Gupta Chief Medical Correspondent CNN A thoughtful timely and entertaining overview of what it means to grow up immersed in a world of digital ubiquity John Battelle Cofounder of WIRED **OECD Public Governance Reviews Global Trends in Government Innovation 2023**

OECD, 2023-05-15 In the face of what has increasingly been referred to as an ongoing permacrisis governments must cope with and respond to emerging threats while already grappling with longstanding issues such as climate change digital disruption and low levels of trust In this context understanding new approaches and spreading successful ideas has never been more important *Surveillance Education* Nolan Higdon, Allison Butler, 2024-08-02 Surveillance Education explores the pervasive use of digital surveillance technologies in schools and assesses its pernicious effects on students Recognizing that the use of digital technologies will persist the authors instead offer practical ways to ameliorate their impact In our era of surveillance capitalism digital media technologies are ever more intertwined into the educational process Schools are presented with digital technologies as tools of convenience for gathering and grading student work as tools of support to foster a more equitable learning environment and as tools of safety for predicting or preventing violence or monitoring mental emotional and physical health Despite a dearth of evidence to confirm their effectiveness digital data collection and tracking is often presented as a way to improve educational outcomes and safety This book challenges these fallacious assumptions and argues that the use of digital media technologies has caused great harm to students by subjecting them to

oppressive levels of surveillance impinging upon their right to privacy and harvesting their personal data on behalf of Big Tech In doing so the authors draw upon interviews from K 12 and higher education students teachers and staff civil rights and technology lawyers and educational technological programmers The authors also provide practical guidance for teachers administrators students and their families seeking to identify and combat surveillance in education This urgent eye opening book will be of interest to students and educators with interests in critical media literacy and pedagogy and the sociology of technology and education
