Library Teen Advisory Groups Diane P. Tuccillo, 2018-04-05 Teen advisory groups TAGs may flourish in many libraries today but many others are newly initiating them or hoping to revitalize ones that are floundering But even successful groups need tips and best practices to make their TAGs even better This updated and revised second edition remains the go to guide for planning running and evaluating TAGs in both school and public libraries Its wealth of positive advice and information leads TAG teens and their peers to meaningful experiences that encourage reading library use and library support into adulthood In this indispensable guide Diane P Tuccillo carefully explains and explores the current wide landscape of TAGs covering funding to bylaws getting a new group on its feet to rejuvenating an old one planning traditional TAG projects to creating unique roles and community involvement to voting on adult library boards Vivid profiles of successful teen groups organized into public and school library sections tell each group s story along with pertinent teen feedback Sample documents covering mission statements applications parent permission forms publicity flyers and teen book review ideas as well as evaluation advice can be borrowed or adapted A helpful bibliography and webliography is included Library directors school administrators library educators and librarians who work directly with teens in school and public libraries will be unable to resist such compelling testaments to the value of TAGs About time! A reference manual for youth policy from a European perspective Howard Williamson, Max Frass, Zara Lavchyan, 2021-09-02 A reference tool for initiating youth policy and learning about the diversity of national and international governance and about the infrastructure available for youth policy its implementation review and evaluation Today we know much more about national and European youth policy the role of research participation of young people and monitoring and evaluation of youth policy than we did when the first Youth policy manual was published in 2009 by the EU Council of Europe youth partnership The concept of youth policy can be very narrowly or very broadly constructed This volume positions youth policy in the context of public policy and reflects on the complex cyclical nature of policy making bringing together the results of knowledge gathering and debates central to the European agenda in the field over the last 15 years Thematically the manual focuses very specifically on those areas of youth policy that have been formulated and developed through European consensus building participation information volunteering social inclusion access to rights youth work mobility and digitalisation We hope that the five parts of the manual from the conceptual to the practical and through a range of examples and questions for reflection will help you to explore understand and engage with the youth policy framework in your context from your own perspective and will provide you with a sense of all the stages of youth policy making Most importantly the manual includes a wide range of standards tools and resources developed by and for the benefit of youth policy makers youth work practitioners youth researchers and young people across Europe It is About Time we strengthen the youth sector further to develop a new generation of positive and purposeful youth policies in Europe **Health Education and Promotion** Diana Karczmarczyk, Sara T. Pappa, 2024-08-30 This

comprehensive textbook provides students with an accessible overview of both the key concepts and practical skills required to work in the field of health education and promotion. Primarily aligned with the core competencies identified by the National Health Education Commission Inc Areas of Responsibility and designed as ideal preparation for those taking the Certified Health Education Specialist CHES examination, this book offers both the theoretical foundations and practical skills required to fulfill a range of roles. From program planning and evaluation to communication and leadership, each chapter details best practices based on the latest research as well as case studies to show its application in multiple settings. Each chapter is also supported by discussion questions and activities to enable students to engage further with the content. This is an essential text for students taking a range of courses in health promotion education and planning as well as those preparing for the CHES examination.

Youth's Companion, 1900 **Youth Gangs and Community Intervention** Robert Chaskin, 2010-01-29. Although a range of program and policy responses to youth gangs exist, most are largely based on suppression implemented by the police or other criminal justice agencies. Less attention and fewer resources have been directed to prevention and intervention strategies that draw on the participation of community organizations, schools, and social service agencies in the neighborhoods in which gangs operate. Also underemphasized is the importance of integrating such approaches at the local level. In this volume, leading researchers discuss effective intervention among youth gangs, focusing on the ideas behind approaches to and evidence about the effectiveness of community-based youth gang interventions. Treating community as a crucial unit of analysis and action, these essays reorient our understanding of gangs and the measures undertaken to defeat them. They emphasize the importance of community both as a context that shapes opportunity and as a resource that promotes positive youth engagement. Covering key themes and debates, this book explores the role of social capital and collective efficacy in informing youth gang intervention and evaluation, the importance of focusing on youth development within the context of community opportunities and pressures, and the possibilities of better linking research, policy, and practice when responding to youth gangs among other critical issues.
