The Context Marketing Revolution Mathew Sweezey, 2020-03-24 In a world of limitless media noise how can businesses break through to customers Context We are in the midst of a massive media revolution For the first time in history ordinary people around the world have the ability to create distribute and consume content instantly from anywhere using connected devices The massive increase in media noise created by these consumers and devices creates an entirely new situation that makes conventional marketing models obsolete And yet

countless companies and marketing organizations continue to rely on traditional models assuming that their campaigns will sway customers. They couldn't be more wrong. In this provocative and practical book, Salesforce marketing maven Mathew Sweezey boldly outlines this new infinite media environment and poses a profound question: In a transformed world where customers shape their own experience, what is the key to breaking through and motivating them to buy? It is context—the close linkage between an individual's immediate desires and the experiences a brand creates to fulfill them. Drawing on new research and new insights into current consumer psychology, Sweezey defines the five key elements of context: Customer experiences must be Available, Helping people achieve the value they seek in the moment; Permissioned, Giving people what they've asked for on their terms; Personal, Going beyond how personal it is to how personally you can deliver it; Authentic, Combining voice, empathy, and brand congruence simultaneously; Purposeful, Creating a deeper connection to the brand beyond the product. Sweezey uses vivid examples to highlight a new marketing model used by high-performing brands, big and small. The final part of the book shifts to execution, providing a new rule book for context-based marketing. The Context Marketing Revolution will change forever how you think about the purpose and practice of marketing.

Perspectives on Marketing Jason I. Miletsky, Michael Hand, 2009. Marketing is not an exact science, and marketing issues are often interpreted, defined, and approached differently by different people, creating the potential for a disconnect in communication. This is particularly true of the client-agency relationship, which oftentimes looks at a single marketing issue in radically different ways. *Perspectives on Marketing* is a unique spin on the he-said/she-said format, giving both the agency side (Jason Miletsky, CEO of PFS Marketwyse) and the client side (Mike Hand, Director of Sports Marketing at Hershey's) a number of topics that deal with marketing and the client-agency relationship. It examines over 100 compelling and important marketing issues that marketers deal with on a regular basis, such as how to best measure ROI, how to determine the best means for reaching an audience, and how to craft the most effective message. Each topic is approached from both points of view in a conversational, point-counter-point style. This unique approach provides a frank, insightful, and enjoyable look into the whole of the marketing process and helps promote understanding between the marketer and the client.
