

DOMINOES and MARBLES

In the 1960s the Domino Theory - fear of communist expansion through Asia, is used to justify going to war in Vietnam; to boost Army numbers, Australia introduces National Service for young men selected by a ballot using marbles representing birth dates ... one of those selected was Kerry White . His story begins with his time in Vietnam , then recalling his life before call-up and on being back home after discharge ... as the war goes on , the headlines confront him every day and night ... This memoir is based on memory, reflection and imagination.
