who considered his commercial success and his continued reliance on the tonal system to be liabilities. However, the past two decades have seen a resurgence of scholarly interest in the composer. This Companion surveys the results focusing on the principal genres, the social and historical context, and topics perennially controversial over the last century. Chapters cover Strauss's immense operatic output, the electrifying modernism of his tone poems, and his ever popular Lieder. Controversial topics are explored, including Strauss's relationship to the Third Reich and the sexual dimension of his works. Reintroducing the composer and his music in light of recent research, the volume shows Strauss's artistic personality to be richer and much more complicated than has been previously acknowledged.

Beauford Delaney and James Baldwin Stephen C. Wicks, 2020-02-03 Beauford Delaney and James Baldwin Through the Unusual Door examines the thirty-eight year relationship between painter Beauford Delaney, born in Knoxville 1901, died in Paris 1979, and writer James Baldwin, born in New York 1924, died in Saint Paul de Vence France 1987, and the ways their ongoing intellectual exchange shaped each other's creative output and worldview. This full color publication documents the groundbreaking exhibition organized by the Knoxville Museum of Art (KMA) and is drawn from the KMA's extensive Delaney holdings from public and private collections around the country and from unpublished photographs and papers held by the Knoxville-based estate of Beauford Delaney. This book seeks to identify and disentangle the skein of influences that grew over and around a complex lifelong relationship with a selection of Delaney's works that reflects the powerful presence of Baldwin in Delaney's life. While no other figure in Beauford Delaney's extensive social orbit approaches James Baldwin in the extent and duration of influence, none of the major exhibitions of Delaney's work has explored in any depth the creative exchange between the two. The volume also includes essays by Mary Campbell, whose research currently focuses on James Baldwin and Beauford Delaney within the context of the civil rights movement; Glenn Ligon, an internationally acclaimed New York-based artist with intimate knowledge of Baldwin's writings; Delaney's art and American history and society; Levi Prombaum, a curatorial assistant at the Solomon R. Guggenheim Museum who did his doctoral research at University College London on Delaney's portraits of James Baldwin and Stephen Wicks; the Knoxville Museum of Art's Barbara W. and Bernard E. Bernstein, Curator who has guided the KMA's curatorial department for over 25

years and was instrumental in building the world's largest and most comprehensive public collection of Beauford Delaney's art at the KMA. *Catalog of Copyright Entries* Library of Congress. Copyright Office, 1953
