Dont Look Back A Memoir:

Don't Look Back Achut Deng, Keely Hutton, 2024-10-08 In this propulsive memoir from Achut Deng and Keely Hutton inspired by a harrowing New York Times article Don t Look Back tells a powerful story showing both the ugliness and the beauty of humanity and the power of not giving up I want life After a deadly attack in South Sudan left six year old Achut Deng without a family she lived in refugee camps for ten years until a refugee relocation program gave her the opportunity to move to the United States When asked why she should be given a chance to leave the camp Achut simply told the interviewer I want life But the chance at starting a new life in a new country came with a different set of challenges Some of them equally deadly Taught by the strong women in her life not to look back Achut kept moving forward overcoming one obstacle after another facing each day with hope and faith in her future Yet just as Achut began to think of the US as her home a tie to her old life resurfaced and for the first time she had no choice but to remember her past

A Sound So Very Loud Ted Kessler, 2025-08-19 The first definitive history of the iconic band Oasis as told through their music and using their songs as the starting point A Sound So Very Loud is the first book to offer a definitive history of Oasis as narrated through their music using their songs as the foundation but breaking out more widely to include sections of background and cultural context It s written by leading music journalists Ted Kessler and Hamish MacBain who have very close ties to the band and their management and have interviewed the Gallaghers dozens of times There has never been a definitive forensically detailed history of Oasis and their music a book that takes readers to the heart of the band s work and what lay behind it in the kind of deeply researched knowledgeable detail that has been afforded The Beatles perhaps most notably with Ian MacDonald s Revolution In the Head which examined every Beatles song in chronological detail MacBain and Kessler s intention is to write the book that satisfies the many millions of fans globally similarly obsessed with Oasis s music but who currently only have scattered social media pages to turn to add depth to the story These authors deliver the definitive chronological history of the songs of Oasis that will appeal to fans old and new in doing so bringing the wider Oasis story into play in glorious color The

pair have interviewed both Gallaghers dozens of times between 1994 and 2024 and no other journalists can claim more or more lively encounters with Liam and Noel The book will also revisit each interview in the first person chronologically throughout to add unique perspective and texture to the wider story MacBain and Kessle will also dissect sleeve art with the designers and photographers delving into each detail surrounding the band This is a veritable Oasis treasure trove *Dylan* Dennis McDougal,2014-05-13 The ultimate biography of the musical icon A groundbreaking and vibrant look at the music hero to generations DYLAN The Biography digs deep into Bob Dylan lore including subjects Dylan himself left out of Chronicles Volume One DYLAN The Biography focuses on why this beloved artist has touched so many souls and on how both Dylan and his audience have changed along the way Bob Dylan is an international bestselling artist a Pulitzer Prize winning author and an Oscar winner for *Things Have Changed* His career is stronger and more influential than ever How did this happen given the road to oblivion he seemed to choose more than two decades ago What transformed a heroin addict into one of the most astonishing literary and musical icons in American history Dylan s final act of his career is more intriguing than ever and classic biographies like *Bob Dylan Behind the Shades* 2003 and even his own *Chronicles Volume One* 2005 came too soon to cover this remarkable new chapter in Dylan s life Through extensive interviews and conversations with Dylan s friends family sidemen and fans Los Angeles Times journalist Dennis McDougal crafts an unprecedented understanding of Dylan and the intricate story behind the myths Was his romantic life especially with Sara Dylan much more complicated than it appears Was his motorcycle accident a cover for drug rehab What really happened to Dylan when his career crumbled and how did he find his way back To what does he attribute his astonishing success McDougal s meticulous research and comprehensive interviews offer a revealing new understanding of these long standing questions and of the current chapter Dylan continually writes in his life and career

Bob Dylan on Film Jonathan Rodgers,2024-05-03 In May 1967 during a discussion about his yet to be released film *Eat the Document* Bob Dylan cryptically remarked The film is finished It s different It would not be the last time he could make this claim Beyond his musical prowess Dylan s career encompasses a lesser explored facet that of a filmmaker creating works that defy convention This book delves into these cinematic forays unravelling the intriguing interplay of Dylan s presence both behind and in front of the camera Dylan s cinematic experiments ranging from the ground breaking *Dont Look Back* 1967 to the enigmatic *Masked and Anonymous* 2003 stand as unique and thought provoking additions to his artistic legacy Unveiling an experimental and inquisitive sensibility these films draw inspiration not only from cinematic predecessors but also from Dylan s songcraft Often residing in the periphery of Dylan studies a closer examination of his cinematic oeuvre reveals an underrated auteur who fearlessly transcends the boundaries of the page stage and screen
