Instagram Secrets Alexander Vinci, 2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place for you think again Remember the key proposition that Instagram

brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book [Personal Branding Strategies The Ultimate Practical Guide to Branding And Marketing Yourself Online Through Instagram, YouTube, Facebook and Twitter And How To Utilize Advertising on Social Media](#) Gary Clyne,2020-10-30 If you want to learn how you can build a HUGE personal brand in the modern digital age then keep reading Do you want to learn how to grow a HUGE and authentic Social Media following Do you want to learn the secrets to

providing huge value and monetizing your audience Do you want to learn how to stand out and become an authority in your niche As you are someone who is reading this I m guessing you answered yes to one of those questions Unfortunately many resources overcomplicate the whole process leaving you confused and without a blueprint to Personal Branding success Luckily for you this is what this book is all about Inside you will discover the EXACT practical blueprint to growing maintaining and sustaining your Personal Brand on an array of Social Media What is often overlooked is the different strategies you need to optimize your presence on ALL Social Media and what are the most important for your situation For example we go over Simple and Proven strategies for growing your Instagram Facebook YouTube and Twitter as well as for the most overlooked websites you probably haven t considered No matter your niche you can become an authority figure and DOMINATE for years to come Here is just a slither of what you will discover inside The 10 Golden Rules of Personal Branding How to gain more followers by spending less on ads Think you need millions of followers to have a successful personal brand Think again Stop wasting time trying to build a following using sly tactics do THIS instead What successful influencers know about monetizing their audience that you don t How unemployed teenagers are building HUGE Instagram accounts and getting rich The most overlooked Social Media platform to build your Personal Brand The ESSENTIAL steps to profitable Facebook Ads The best ways to monetize your following without selling your soul to the devil Proven blueprints to success on all major Social Media How Instagram stars maximise engagement on every post The secret strategies to growing your YouTube FAST Why Instagram ads could hold the key to your success 11 Startling ways to grow your Facebook following How Influencers get incredible brand deals CONSISTENTLY The crucial secret that all but guarantees you more likes comments and engagement on every post How to find your corner of the market and dominate it And much much more So even if you currently have 0 followers and have never entered into the realm of Personal Branding this book outlines easy to follow and proven systems that will see your follower count rise faster than you could ve ever imagined No longer will you have any excuses left So if you want to start your path to Personal Branding success then scroll up and click Add to Cart
