Team-Based Learning in the Social Sciences and Humanities Michael Sweet, Larry K. Michaelsen, 2023-07-03 Team Based Learning TBL is a unique powerful and proven form of small group learning that is being increasingly adopted in higher

education Teachers who use TBL report high levels of engagement critical thinking and retention among their students TBL has been used successfully in both small and large classes in computer supported and online classes and because it is group work that works it has been implemented in nearly every discipline and in countries around the world This book introduces the elements of TBL and how to apply them in the social sciences and humanities It describes the four essential elements of TBL readiness assurance design of application exercises permanent teams peer evaluation and pays particular attention to the specification of learning outcomes which can be a unique challenge in these fields The core of the book consists of examples of how TBL has been incorporated into the cultures of disciplines as varied as economics education literature politics psychology and theatre The authors explain why they felt a need to change how they taught and why they chose TBL Furthermore each chapter provides examples of the assignments and exercises they use to help their students achieve the specific learning outcomes of their courses At a time of increasing course sizes and emphasis on learning outcomes TBL offers the means to meet such demands while connecting students to their coursework and stimulating their intellectual engagement

Sport, Exercise and Social Theory Gyozo Molnar, John Kelly, 2013-05-07 Why are sport and exercise important What can the study of sport and exercise tell us about wider society Who holds the power in creating contemporary sport and exercise discourses It is impossible to properly understand the role that sport and exercise play in contemporary society without knowing a little social theory It is social theory that provides the vocabulary for our study of society that helps us ask the right critical questions and that encourages us to look for the real story behind sport and exercise Sport Exercise and Social Theory is a concise and engaging introduction to the key theories that underpin the study of sport exercise and society including feminism post modernism Neo Marxism and the sociological imagination Using vivid examples and descriptions of sport related events and exercise practices the book explains why social theories are important as well as how to use them giving students the tools to navigate with confidence through any course in the sociology of sport and exercise This book shows how theory can be used to debunk many of our traditional assumptions about sport and exercise and how they can be a useful window through which to observe wider society Designed to be used by students who have never studied sociology before and including a whole chapter on the practical application of social theory to their own study it provides training in critical thinking and helps students to develop intellectual skills which will serve them throughout their professional and personal lives

Doing Sociology in India Sujata Patel, 2016 This important volume on the history of sociology in India locates scholars scholarship theories perspectives and practices of the discipline in different cities and regions of the country over a century It argues that this history is enmeshed in political projects of constructing a society which took place as a result of colonialism and dominant nationalism Doing Sociology in India affirms the existence of both strong and weak traditions of scholarship in India and underscores three processes that have aided this development at various points of time reflexive interrogation of received scholarship probing ideal types of theories within the classroom and

questioning existing debates on society and its language by publics It suggests that processes outside academia in social movements and associational groups have interrogated mainstream sociology to make it diverse and multiple The book has a pan Indian perspective it brings together practitioners and interlocutors from various cities and regions to discuss the many traditions of the discipline Their arguments are structured around the interplay of three themes including time space and power
