Doing Less And Having More:

Simplifying Coaching: How to Have More Transformational Conversations by Doing Less Claire Pedrick, 2020-12-07

Fundamentally coaching is about enabling someone to feel heard and to access new insights into their own life But how can you facilitate someone else s thinking when you don t know what they already know It is almost impossible to remember models and questions whilst giving your companion your full attention at the same time Coaching simply means that you can listen and notice more getting quickly to the heart of the conversation Whether you are brand new to coaching are a trained coach who has lost confidence or have many years experience coaching at a senior level this deeply practical book will teach you how to Do less so that your companion can do more Understand why saying what you see is more useful than listening to any particular story Put boundaries around a conversation making it more effective for your companion and easier for you Tailor how you sit and how you speak to allow a collaborative environment End any conversation in partnership Tailored to help the practising coach this deeply practical book is nonetheless useful for anyone who has conversations with people Claire stimulated a desire to know more about how to use existing skills in new and simplified ways An altogether great book Clive Avril Executive Coach and Mentor ACC This is the kind of book that after reading you will want to have nearby for easy reference and reminders I suspect that the well worn pages will be a symbol of the book s lasting contribution to coaching and to transformational conversations A clear concise summation of coaching that will benefit the new and the seasoned coach alike J Val Hastings MCC and President of Coaching4TodaysLeaders and Coaching4Clergy This book is written for anyone with an interest in coaching who is looking to improve their coaching style in the workplace It is ideal for people who are working to complete their studies and gain accreditation from any of the coaching bodies This is now one of my all time favourite coaching books I found something new in every chapter of the book Claire Caine EMCC Book Club Review Simplifying Coaching is great at bringing you back to basics and reflecting on trying to resist the urge to actively help rather than allowing the client to do the thinking In a small book it covers a lot of ground and I would recommend reading the whole book and then dipping into it periodically for practical advice on particular topics It is a brilliant and simple book that every coach should read Sally Twisleton EMCC Book Club Review Claire Pedrick has been coaching for over 30 years A coach mentor coach and coaching supervisor she trains managers leaders and experienced coaches across multiple sectors to reap the benefits of working more simply Claire is the Founding Partner of 3D Coaching Claire received an award from Henley Business School for Outstanding Contribution to Coaching 2022 **Heating & Air Conditioning Contractor** ,1927
