Dolls A Moveable Feast:

Dolls, a Moveable Feast Florence Theriault, 2002-01-01 A mouth watering selection including German character dolls gorgeous French babes rare early china dolls including some from the Mildred Sceley Collection all bisque mignonettes rare size impish googlies rarities such as 18th century wooden court dolls from the private collection of the late Claude Dctave of Paris and superb diminutive furniture *A Moveable Feast* Margaret Currier Boylen, 1961 The Five Little Mortrudes were orphaned when their parents were run over by a tractor stitching and stapling them into the earth The children became famous because of the Murders and were dramatized according to their particular supposed characters romantic Farnham noble Jessica clever Gidley gifted Fleanor and good Olizer known as Little Od But the real nature of the enigmatic Mortrudes was never apparent even to their guardian Willard Calhoun who created the notion that they were poor as all orphans should be As soon as they could the Mortrudes put the town of Clorinda behind them to make their fortunes in the world and returned only 21 years later when Calhoun decided to give them their inheritance They had new roles now Sailor Farnham Scholar Gidley Actress Jessica Author Eleanor Little Od died at 11 trying to fly To disabuse Willard of the idea that he ever understood them the Mortrudes reveal that Little Od actually killed their parents and then later killed himself The Mortrudes remain superior to events to the end telling as much as they please withholding as much as will mystify Though if it weren t for their author s highly imaginative and witty prose style the Mortrudes could hardly stand by themselves **Things**

Japanese Basil Hall Chamberlain, 1905 **Things Japanese, Being Notes on Various Subjects Connected with Japan for the Use of Travellers and Others** Basil Hall Chamberlain, 1898 *Things Japanese: Being Notes on Various Subjects Connected with Japan for the Use of Travellers and Others* Basil Hall Chamberlain, 2020-10-28 To have lived through the transition stage of modern Japan makes a man feel preternaturally old for here he is in modern times with the air full of talk about bicycles and bacilli and spheres of influence and yet he can himself distinctly remember the Middle Ages The dear old Samurai who first initiated the present writer into the mysteries of the Japanese language wore a queue and two swords This relic of feudalism now sleeps in Nirvana His modern successor fairly fluent in English and dressed in a serviceable suit of dittos might almost be a European save for a certain obliqueness of the eyes and scantiness of beard Old things pass away between a night and a morning The Japanese boast that they have done in thirty or forty years what it took Europe half as many centuries to accomplish Some even go further and twit us Westerns with falling behind in the race It is waste of time to go to Germany to study philosophy said a Japanese savant recently returned from Berlin the lectures there are elementary the subject is better taught at Tokyo Thus does it come about that having arrived in Japan in 1873 we ourselves feel well nigh four hundred years old and assume without more ado the two well known privileges of old age garrulity and an authoritative air We are perpetually being asked questions about Japan Here then are the answers put into the shape of a dictionary not of words but of things or shall we rather say a guide book less to places than to subjects not an encyclop dia mind you not the

vain attempt by one man to treat exhaustively of all things but only sketches of many things The old and the new will be found cheek by jowl What will not be found is padding for padding is unpardonable in any book on Japan where the material is so plentiful that the chief difficulty is to know what to omit In order to enable the reader to supply deficiencies and to form his own opinions if haply he should be of so unusual a turn of mind as to desire so to do we have at the end of almost every article indicated the names of trustworthy works bearing on the subject treated in that article For the rest this book explains itself Any reader who detects errors or omissions in it will render the author an invaluable service by writing to him to point them out As a little encouragement in this direction we will ourselves lead the way by presuming to give each reader especially each globe trotting reader a small piece of advice We take it for granted of course that there are no Japanese listening and the advice is this Whatever you do don't expatiate in the presence of Japanese of the new school on those old quaint and beautiful things Japanese which rouse your most genuine admiration Antiquated persons do doubtless exist here and there to whom Buddhist piety is precious others may still secretly cherish the swords bequeathed to them by their knightly forefathers quite a little coterie has taken up with art and there are those who practise the tea ceremonies arrange flowers according to the traditional esthetic rules and even perform the medieval lyric dramas But all this is merely a backwater Speaking generally the educated Japanese have done with their past They want to be somebody else and something else than what they have been and still partly are When Sir Edwin Arnold came to Tokyo he was entertained at a banquet by a distinguished company including officials journalists and professors in fact representative modern Japanese of the best class In returning thanks for this hospitality Sir Edwin made a speech in which he landed Japan to the skies and lauded it justly as the nearest earthly approach to Paradise or to Lotus land so fairy like said he is its scenery so exquisite its art so much more lovely still that almost divine sweetness of disposition that charm of demeanour that politeness humble without servility and elaborate without affectation which place Japan high above all other countries in nearly all those things that make life worth living We do not give his exact words but we give the general drift Now do you think that the Japanese were satisfied with this meed of praise Not a bit of it Out comes an article next morning in the chief paper which had been represented at the banquet an article acknowledging indeed the truth of Sir Edwin's description but pointing out that it conveyed not praise but pitiless condemnation Art forsooth scenery sweetness of disposition cries this editor Why did not Sir Edwin praise us for huge industrial enterprises for commercial talent for wealth political sagacity powerful armaments Of course it is because he could not honestly do so He has gauged us at our true value and tells us in effect that we are only pretty weaklings

Collecting Our Culture, 1991 **Japanese Things** Basil Hall Chamberlain, 2012-11-13

Constructions of the Classical Body James I. Porter, 2025-12-10 Classical scholarship has traditionally neglected the prominence of the body in antiquity *Constructions of the Classical Body* theorizes that the study of antiquity is necessarily a study of the body and that attention to this fact can lead to a much needed shift in the way in which classical studies are approached today This volume aims to reestablish the relevance of the problem of the body at the perimeters of several different kinds of inquiry and in this way to help open up a field of possibilities for future study The range covered by the essays in this volume is sweeping from Corinthian vaseware to Athenian and Roman politics poetry from Homer to Ovid medical writers from the Hippocratic corpus to the diary of Aelius Aristides second century c e philosophy Seneca Porphyry the Greek novel Christian apocrypha Ovid s medieval reception and twentieth century film This range is a consequence of the multidisciplinary that any study of the body requires and it attests to the particular richness of the body in classical antiquity and as an object for study today The volume illustrates that body is located between traditional borders not within them the body dissolves traditional objects of study and joins areas usually kept apart Retracing the fate of the body is thus a way of rendering antiquity truly strange again it allows us to see the past afresh with open eyes This volume includes essays by Carlin A Barton Anne Carlson Eric Downing Catherine Edwards Maud W Gleason John Henderson Ralph Hexter S C Humphreys Helen King Leslie Kurke Robert Lamberton David S Potter Amy Richlin Giulia Sissa Maria Wyke and Froma I Zeitlin along with an introduction by James I Porter a superb collection one that I know will be most welcome not only in the field of classical studies but in the libraries of all those interested in the history and historicity of the body Page duBois University of California San Diego
