Dominican Migration Transnational Perspectives New World Diasporas:

Dominican Migration Ernesto Sagás, Sintia Molina, 2004 This volume sets a new standard in studies that focus on the continuous and evolving process of transnationalization a valuable collection of details and insights into the interchange of people capital goods information ideas and influence that exemplify the evolving reach and complexity of the Dominican transnational experience Hector R Cordero Guzman Baruch College City University of New York Political and economic hardships have led over one million Dominicans to leave their homeland and settle in foreign countries the United States Spain Venezuela and other countries in Latin America and Europe In essays covering subjects from politics to literature this interdisciplinary work analyzes the Dominican diaspora as a multifaceted global phenomenon in which Dominican transmigrants live work and participate in two or more societies It examines the forces that fueled the diasporic migration of Dominicans the characteristics of the migration process the main challenges to political and social incorporation the formation of communities in New York Spain and other locales and issues of gender in education employment and the household It also includes a discussion of the Dominican migration experience as portrayed in the works of two prominent Dominican American novelists an analysis of images and perceptions of New York City as reflected in literary production and an essay on the development and redevelopment of Dominican music and dance as it matures within the community fusing with other musical traditions in New York City Contents 1 Introduction Dominican Transnational Migration by Ernesto Sagas and Sintia E Molina 2 Los paises Transnational Migration from the Dominican Republic to the United States by Jorge Duany 3 From Ausentes to Dual Nationals The Incorporation of Transmigrants into Dominican Politics by Ernesto Sagas 4 Dominicans in Providence The Formation of a Transnational Community in a Secondary City by Jose Itzigsohn 5 Transnationalism and Middle Class Dominican Immigrants in South Florida by Carol Hoffman Guzman 6 Dominican Transmigrants in Spain by Domingo Lil n with Juleyka J Lantigua 7 Dominican Women Con Un Pie Aqui y Otro Alla Transnational Practices at the Crossroads of Local Global Agendas by Karin Weyland 8 Transnational Changing Gender Roles Second Generation Dominicans in New York City by Nancy Lopez 9 Transnational Consciousness Negotiating Identity in the Works of Julia Alvarez and Junot Diaz by Janira Bonilla 10 Writing New York City A Study on Transnational Dominican American Literature by Sintia E Molina 11 Transnational Music and Dance in Dominican New York by Thomas van Buren and Leonardo Ivan Dominguez Ernesto Sagas is assistant professor of political science at Southern New Hampshire University Sintia E Molina is assistant professor of language and literature at St Francis College

Encountering American Faultlines Jose Itzigsohn, 2009-06-18 The descendents of twentieth century southern and central European immigrants successfully assimilated into mainstream American culture and generally achieved economic parity with other Americans within several generations So far that is not the case with recent immigrants from Latin America and the Caribbean A compelling case study of first and second generation Dominicans in Providence Rhode Island *Encountering American Faultlines* suggests that

even as immigrants and their children increasingly participate in American life and culture racialization and social polarization remain key obstacles to further progress *Encountering American Faultlines* uses occupational and socioeconomic data and in depth interviews to address key questions about the challenges Dominicans encounter in American society What is their position in the American socioeconomic structure What occupations do first and second generation Dominicans hold as they enter the workforce How do Dominican families fare economically How do Dominicans identify themselves in the American racial and ethnic landscape The first generation works largely in what is left of Providence's declining manufacturing industry Second generation Dominicans do better than their parents economically but even as some are able to enter middle class occupations the majority remains in the service sector working class Jos Itzigsohn suggests that the third generation will likely continue this pattern of stratification and he worries that the chances for further economic advancement in the next generation may be seriously in doubt While transnational involvement is important to first generation Dominicans the second generation concentrates more on life in the United States and empowering their local communities Itzigsohn ties this to the second generation's tendency to embrace panethnic identities Panethnic identity provides Dominicans with choices that defy strict American racial categories and enables them to build political coalitions across multiple ethnicities This intimate study of the Dominican immigrant experience proposes an innovative theoretical approach to look at the contemporary forms and meanings of becoming American Jos Itzigsohn acknowledges the social exclusion and racialization encountered by the Dominican population but he observes that by developing their own group identities and engaging in collective action and institution building at the local level Dominicans can distinguish themselves and make inroads into American society But *Encountering American Faultlines* also finds that hard work and hope have less to do with their social mobility than the existing economic and racial structures of U.S. society

Haiti and the Haitian Diaspora in the Wider Caribbean Philippe Zacaïr, 2010-04-18 During the past ten years political debates legal disputes and rising violence associated with the presence of Haitian migrants have flared up throughout the Caribbean basin in such places as Guadeloupe the Dominican Republic French Guiana the Bahamas and Jamaica The contributors to this volume explore the common thread of prejudice against the Haitian diaspora as well as its potential role in the construction of national narratives from a comparative and interdisciplinary perspective These essays written by historians anthropologists sociologists and Francophone studies scholars examine how Haitians interact as an immigrant group with other parts of the Caribbean as well as how they are perceived and treated particularly in terms of ethnicity and race in their migration experience in the broader Caribbean By discussing the prevalence of anti-Haitianism throughout the region alongside the challenges Haitians face as immigrants this volume completes the global view of the Haitian diaspora saga

Blackness in Mexico Anthony Russell Jerry, 2023-05-16 This book delves into the ongoing movement toward recognizing Black Mexicans as a cultural group within the nation focusing on this process in the Costa

Chica region in order to explore the relational aspects of citizenship and the place of Black people in how modern citizenship is imagined **Islam and the Americas** Aisha Khan, 2017-01-10 This volume edited by Aisha Khan explores Muslims lived experiences in the Western Hemisphere and the ways in which Islam has been codified in the New World by Muslim minority societies using disparate case studies from the Caribbean Suriname Brazil Mexico and others in the Atlantic World

Kosher Feijoada and Other Paradoxes of Jewish Life in São Paulo Misha Klein, 2012-04-15 Through the lens of Jewish experience in Brazil based on the author's ethnographic fieldwork Kosher Feijoada takes an oblique look at racial ethnic and national identities and considers the meaning of belonging for a group defined as diasporic intertwining ethnic national and transnational practices in the construction of their identity **African-Brazilian Culture and Regional Identity in**

Bahia, Brazil Scott Ickes, 2013-08-06 Examines how in the middle of the twentieth century Bahian elites began to recognize African Bahian cultural practices as essential components of Bahian regional identity Previously public performances of traditionally African Bahian practices such as capoeira samba and Candomblé during carnival and other popular religious festivals had been repressed in favor of more European traditions *Reconstructing Racial Identity and the African Past in*

the Dominican Republic Kimberly Eison Simmons, 2009 In Latin America and the Caribbean racial issues are extremely complex and fluid particularly the nature of blackness What it means to be called black is still very different for an African American living in the United States than it is for an individual in the Dominican Republic with an African ancestry Racial categories were far from concrete as the Dominican populace grew altered and solidified around the present notions of identity Kimberly Simmons explores the fascinating socio cultural shifts in Dominicans racial categories concluding that Dominicans are slowly embracing blackness and ideas of African ancestry Simmons also examines the movement of individuals between the Dominican Republic and the United States where traditional notions of indio are challenged debated and called into question How and why Dominicans define their racial identities reveal shifting coalitions between Caribbean peoples and African Americans and proves intrinsic to understanding identities in the African diaspora **Transnational**
