Don Quixote Kirov Ballet:

The Ballets of Ludwig Minkus Robert Ignatius Letellier, 2008-10-01 The composer Ludwig Minkus represents one of music's biggest mysteries. Who was he? Hardly anything is known about him and yet he occupied an influential position in the theatres of the Imperial ballet in late nineteenth century Russia. He has been recognised as a predecessor of Tchaikovsky but as a musician is commonly held to have been so feeble as to be beneath contempt. Yet despite the scorn heaped on him and his consequent obscurity Minkus is far from being forgotten. Since the early 1960s his name has slowly begun to re-surface. Two works, *Don Quixote* 1869 and *La Bayadère* 1877 have been presented in their entirety for the first time to new audiences all over the world. The musical and dramatic power of both ballets has taken people by surprise. The stories have a very real human appeal, the choreography attracts the admiration of balletomanes and the music with its rhythm, verve and beauty of melody holds attention and engages the heart wherever it is heard. This introduction seeks to discover something more behind the blank façade of Minkus's life and work. What do we actually know about him as a man and as an artist? Are we able to apprehend his oeuvre as a whole and how much can we establish from the available material? What is the nature of the music he created for those few works that have survived the years and that have come to the fore again recently to delight those who have ears to hear? This study includes iconography from the life and times of the composer, many musical examples from his works and a comprehensive bibliography and discography.

The Encyclopedia of World Ballet Mary Ellen Snodgrass, 2015-06-08 Throughout the centuries ballet has had a rich and ever evolving role in the humanities. Renowned choreographers, composers and performers have contributed to this unique art form, staging enduring works of beauty. Significant productions by major companies embrace innovations and adaptations, enabling ballet to thrive and delight audiences all over the globe. In *The Encyclopedia of World Ballet* Mary Ellen Snodgrass surveys the emergence of ballet from ancient Asian models to the present, providing overviews of rhythmic movement as a subject of art, photography and cinema. Entries in this volume reveal the nature and purpose of ballet, detailing specifics about leaders in classic design and style, influential costumers and companies and trends in technique, partnering, variation and liturgical execution. This reference covers Choreographers, Composers, Costumers, Dance companies, Dancers, Productions, Set designers, Techniques, Terminology. Among the principal figures included here are Alvin Ailey, Afrasiyab Badalbeyli, George Balanchine, Mikhail Baryshnikov, Pierre Beauchamp, Sergei Diaghilev, Agnes DeMille, Nacho Duato, Isadora Duncan, Boris Eifman, Mats Ek, Ert, Martha Graham, Inigo Jones, Louis XIV, Amalia Hernández, Navarro, Rudolf Nureyev, Marius Petipa, Jerome Robbins, Twyla Tharp and Agrippina Vaganova. This work also features dance companies from the Americas, Australia, China, Cuba, Egypt, Iran, Korea, New Zealand, Russia, South Africa and Vietnam. Productions include such universal narrative favorites as *Coppélia*, *The Nutcracker*, *The Sleeping Beauty*, *Scheherazade*, *Firebird* and *Swan Lake*. Featuring a chronology that identifies key events and figures, this volume highlights significant developments in stage presentations over the centuries. *The Encyclopedia of World Ballet* will

serve general readers dance instructors and enthusiasts from middle school through college as well as professional coaches and performers troupe directors journalists and historians of the arts *Ludwig Minkus, Don Quixote* Robert Ignatius Letellier, 2010-03-08 The ballet *Don Quixote* with music by Ludwig Minkus and scenario and original choreography by Marius Petipa is one of the most enduring creations to have emerged from the flowering of the ballet in late 19th century Russia Still popular it has become a standard repertory piece in ballet companies all over the world The work was first performed in Moscow at the Bolshoi Theater on 14 26 December 1869 The plot in four acts and eight scenes was based on an episode which Petipa had developed from the second part of Cervantes s novel relating the love story of Quiteria known as Kitri in the ballet and Basilio Petipa devised the original version to suit the unsophisticated taste of Moscow s audiences Soon after he prepared a version for St Petersburg using the same music and designs but with major choreographic revisions This St Petersburg version premiered on 9 21 November 1871 was in five acts eleven episodes a prologue and an epilogue It took into account the Imperial capital s preference for a more classical interpretation of the ballet and amounted to a new and very different version Alexander Gorsky staged his Moscow revival of *Don Quixote* in 1900 using Petipa s St Petersburg scenario and some of his choreography and reducing the work to four acts Two years later in 1902 the director of the Imperial Theatres Vladimir Teliakovsky invited Gorsky to restage an updated version of *Don Quixote* at the Maryinsky Theatre in St Petersburg The ballet became a staple of the repertoires of the Moscow Bolshoi Ballet and the Leningrad Kirov Ballet and was regularly modified as it was continually restaged ending up as three acts with a prologue and six scenes This version of the score containing several interpolated pieces by other repertory dance composers is the standard performing edition used in Russia *Don Quixote* was first seen outside of Russia in an edited two act version danced by Pavlova and her company in England in 1924 The first time the full work was staged for a Western company was by the English Ballet Rambert in 1962 by Witold Borkowski Notable productions outside of Russia to Minkus s music were those by Rudolf Nureyev for the Vienna State Opera 1966 and Mikhail Baryshnikov for American Ballet Theatre 1978 which for the most part followed the traditional versions they had performed in Russia Another major source of publicity for the ballet came in 1976 when the iceskater John Curry s inspired routine to music from the ballet won him a gold medal at the European Figure Skating Championship the World Figure Skating Championship and the Winter Olympics No standard editions of Minkus s scores have ever been produced and no full score of *Don Quixote* has been published Every ballet company usually comes up with its own arrangements of his music the revisions by John Lanchbery being the most widely known Lanchbery s work however tampers with both the orchestration and more seriously the harmony of Minkus s music and is often closer to a rewriting than an arrangement The resurgent popularity of Minkus s *Don Quixote* and *La Bayad re* as well as his additions to Deldevez s *Paquita* have revealed the innate skill and charm of his music despite the ubiquity of the arrangements and distortions of his scores Minkus s writing like so much Romantic ballet is closely allied to operatic conventions with arias

duets and ensembles that are enacted rather than sung and with each ballet sustaining its own special atmosphere The Town Square Gypsy Camp and Dream Sequence in Don Quixote are full of musical buoyancy and melodic verve demonstrating a careful use of tonality and dramatic style The famous Grand Pas de Deux from the finale is lively well crafted and ablaze with attractive invention Ian Woodward Until such times as a definitive version of the manuscript score can be established this performing edition as used in Russia acknowledges the living tradition of this work and the vibrancy of Minkus's splendid music

The Oxford Dictionary of Dance Debra Craine, Judith Mackrell, 2010-08-19 This comprehensive and up to date dictionary provides all the information necessary for dance fans to navigate the diverse dance scene of the 21st century It includes entries ranging from classical ballet to the cutting edge of modern dance
