Art and Politics Sarah Jennings, 2019-10-17 The year 2019 marks the fiftieth anniversary of the National Arts Centre In this new and revised edition of Art and Politics Sarah Jennings covers the highs and lows of Canada s most important national performing arts institution over the course of five decades bringing the story up to the present Art and Politics is a riveting tale of Canada s finest musicians actors and dancers and efforts to put their art at the forefront of both the national and the international scene Through over 150 interviews with artists top officials senior politicians and others who affected the fate of the National Arts Centre the book recounts the organization s early years the impact of government monies first lavished and then withdrawn which resulted in its near collapse in the late 1990s and how over the past two decades its CEO Peter Herrndorf a gifted leader has brought it back from the brink The most recent transformations revealed by this new edition include the architectural makeover of the organization s brutalist style building in Ottawa responses to the changing cultural milieu in Canada and the launch of a national Indigenous Theatre Department in the fall of 2019 Told through the voices of those who created the organization Art and Politics affirms that the National Arts Centre embodies its motto Canada is our stage

Retail Nation Donica Belisle, 2011-02-15 The experience of walking down a store aisle replete with displays salespeople and infinite choice is so common we often forget retail has a short history Retail Nation traces Canada s transformation into a modern consumer society back to an era 1890 to 1940 when department stores such as Eaton s ruled the shopping scene and promised to strengthen the nation Department stores emerge as agents of modern nationalism but the nation they helped to define white consumerist middle class was more limited and contested than nostalgic portraits of the early department store suggest

Wholesale Couture Liz Tregenza, 2023-02-23 The first book to consider the subject Wholesale Couture London and Beyond 1930 70 seeks to revise the notion that wholesale couturiers were simply copyists and demonstrate the complexities of their design processes and business strategies This term has fallen out of usage however it was used to describe the pinnacle of the British ready to wear fashion industry between the 1930s and 1960s Companies within this sector have typically been recognised as creators of high quality copies of French haute couture using ready to wear techniques Liz Tregenza traces wholesale couture

garments from concept to usage considering design manufacture branding promotion retail and export She looks beyond the garments produced and investigates the people behind these firms consequently demonstrating the significant role that largely Jewish immigrants played in the development and success of this industry The book also considers the wider social and economic factors that affected manufacturers and consumers the effect of austerity rationing and the Utility scheme and the pressing need for wholesale couturiers to export their products internationally It demonstrates that 1946 was a critical year for re building and re imagining the London fashion industry and that wholesale couturiers were at the centre of these developments Furthermore it reveals the impact of changing consumer purchasing power including the burgeoning youth market for fashion manufacturers Offering a new perspective on British fashion history Wholesale Couture demonstrates that these couturiers were vital in cementing London s status as a ready to wear fashion centre
