Instagram Secrets Alexander Vinci,2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place

for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book **Instagram Marketing Secrets 2021** Allan Kennedy,Gary Godin,2020-12-27 Do you want to get popular on Instagram Still wasting your time wondering how influencers get their success Still spending hours to choose the right hashtag Would you like to make money on Instagram Frustrating All your efforts seem to be useless So much time spent changing that filter and how much

patience is needed to write that long queue of hashtags Those contents never seem to catch anybody s attention even though they look really well made And what about all of that money spent in ads Have you ever thought something in your strategy is missing You need a guide yes Sir And that s just what we want to give you You need to learn how Instagram really works and what mindset you must have to succeed We are going to show you how to set up an effective business page and how to profit from it You will learn History of Instagram and how it works How to get viral in a few weeks What s the right mindset to be successful on instagram 10 things to avoid on Instagram 7 ways to make money with Instagram How to make an effective content step by step The 8 best tools to boost your page How to master Instagram ads With these simple tips you will be able to make a business profitably and safely using high profit strategies This book will provide you the capability to generate a consistent and long lasting passive income If you think this won t work on you because it s too abstract or technical then NO WORRIES This guide is full of easy examples and practical exercises to speed up your improvements You will find roadmaps to reach your goal in 4 weeks The self evaluation section will help you to monitor your progress and check what you have learnt Well these are the tools you needed the only step missing is your action WHAT ARE YOU WAITING FOR CLICK THE BUY NOW BUTTON
