Internationalising Higher Education and the Role of Virtual Exchange Robert O'Dowd,2022-12-30 This volume introduces Virtual Exchange VE as an innovative form of online intercultural learning and investigates the myriad of ways VE is being carried out across universities ultimately arguing for its integration into university internationalisation policies and course curricula Against the backdrop of increased digitalisation initiatives throughout universities given the effects of the pandemic chapters

focus not only on providing new research findings but also on providing a comprehensive introduction and argumentation for the use of VE in university education and also in demonstrating how it can be put into use by both university decision makers and educators. Reviewing the limitations of the activity, this timely work also fundamentally posits how VE and blended mobility more broadly could be developed in future higher education initiatives. This book will be of interest to researchers, academics, scholars, and students involved with Open Distance Education and eLearning approaches to internationalisation in education and the study of higher education more broadly. Those interested in innovative methods for teaching and learning as well as educational research will also benefit from this volume.

Integrating Multi-User Virtual Environments in Modern Classrooms Qian, Yufeng, 2018-01-26 As innovation advances and grows, classrooms are able to utilize more advanced technology to educate students. Through virtual learning environments, students can experience real life tasks and situations more directly, promoting active engagement in education. *Integrating Multi-User Virtual Environments in Modern Classrooms* provides emerging research on the development of multi-user virtual learning environments and their potential role in education. Highlighting a range of pertinent topics such as project-based learning, social learning theory, and interactive media, this book is a vital resource for educational researchers, school teachers, college professors, and instructional designers seeking current research on the benefits and integration of multi-user virtual environments in modern education. **Design**
