In Depth Newsletter Business Ideas For Content Creators:

Contemporary Entrepreneurship Basel Hammouda, Susanne Durst, 2024-02-27 This book dives deep into everyday entrepreneurial stories with an engaging narrative based on theory while providing practical implications by highlighting diverse entrepreneurial examples in emerging themes. It provides a collection of concise authentic entrepreneurship case studies organized into three main themes: digital entrepreneurship, entrepreneurial learning, innovations and challenging entrepreneurship. The featured case studies are based mainly on primary data gathered from entrepreneurs and active members within the entrepreneurship ecosystem all over the globe at different stages of the entrepreneurial process. Thus it moves away from the typical unicorns and flagship start-up stories which are abundant in management literature to dive deep into realistic everyday entrepreneurial narratives. This edited collection will be of interest to researchers, academics, practitioners and students in the fields of entrepreneurship and small business management, international business and management education.

Innovation for Media Content Creation Marlon Quintero, 2015-06-01 Innovation for Media Content Creation provides a fresh approach to the strategic, logistic, creative and managerial aspects of media content and television programming development. Mr. Quintero has taken the philosophy and methodologies of innovation that have traditionally been confined to use in product development and manufacturing or technological environments and applied it in the media industry. This well-organized step-by-step guide provides the framework and tools needed to deliver innovative creative content successfully and consistently in today's multi-platform television landscape. Executives, creative professionals and students alike will find value in this one-of-a-kind book.

Exploring Transmedia Journalism in the Digital Age Gambarato, Renira Rampazzo, Alzamora, Geane C., 2018-02-16 Since the advent of digitization, the conceptual confusion surrounding the semantic galaxy that comprises the media and journalism universes has increased. Journalism across several media platforms provides rapidly expanding content and audience engagement that assist in enhancing the journalistic experience. Exploring Transmedia Journalism in the Digital Age provides emerging research on multimedia journalism across various platforms and formats using digital technologies. While highlighting topics such as immersive journalism, nonfictional narratives and design practice, this book explores the theoretical and critical approaches to journalism through the lens of various technologies and media platforms. This book is an important resource for scholars, graduate and undergraduate students and media professionals seeking current research on media expansion and participatory journalism.

The Principles of Multimedia Journalism Richard Koci Hernandez, Jeremy Rue, 2015-06-26 In this much-needed examination of the principles of multimedia journalism, experienced journalists Richard Koci Hernandez and Jeremy Rue systemize and categorize the characteristics of the new, often experimental story forms that appear on today's digital news platforms. By identifying a classification of digital news packages and introducing a new vocabulary for how content is packaged and presented, the authors give students and professionals alike a way to talk about and understand the importance of story.

design in an era of convergence storytelling Online all forms of media are on the table audio video images graphics and text are available to journalists at any type of media company as components with which to tell a story This book provides insider instruction on how to package and interweave the different media forms together into an effective narrative structure Featuring interviews with some of the most exceptional storytellers and innovators of our time including web and interactive producers at the New York Times NPR The Marshall Project The Guardian National Film Board of Canada and the Verge this exciting and timely new book analyzes examples of innovative stories that leverage technology in unexpected ways to create entirely new experiences online that both engage and inform
