Father God* Lawson Riddle,2006-06 30 Days to a More Powerful Vocabulary Second Edition Dan Strutzel,2024-07-16 *30 Days to a More Powerful Vocabulary* quickly became a bestseller in its category back in 2015 Now in this updated and revised edition which now contains the 700 most important words you need to master you ll quickly learn why this title has been such a positive impact in the personal and professional lives of tens of thousands in the English speaking world As Dan Strutzel asserts in Chapter 1 numerous studies show that those people with large vocabularies are smarter wealthier and happier than the average person and substantially so And here s the best news of all a large vocabulary is not tied to your social status your genes or even your education level It is a skill that can be learned and it takes only 30 days And since the original book was written as technology has advanced further from the smartphone to Artificial Intelligence some people have speculated that the need for a vast vocabulary will reduce in importance But according to Dan Strutzel nothing could be further from the truth He argues in the new edition that due to technology s ability to flatten the distinction between individuals the art of personal communication via a rich vocabulary will be one of the ways to truly distinguish yourself from the masses The new edition contains the original most impactful 500 words which cover many topics from persuading others relationships financial issues science and technology and more words that ensure you will be a great conversationalist and rise fast in your chosen profession And best of all you ll be provided with an additional 200 words which according to research have become particularly important in the last 8 years particularly since the worldwide pandemic Those words will cover topics like the new world of virtual work health topics Artificial Intelligence and much more Research shows that learning new words has an exponential effect on the size of your vocabulary since

learning one word naturally produces an association between two to three more words In short after listening to and applying the system in this 30 day program you will not only have a bigger vocabulary you will have a brighter future

Digital Sovereignty! Sylvie Bedard,2023-08-09 Have you noticed that artificial intelligence is the hot topic of the moment Yet for over a decade this reality has radically changed our lives well hidden in our new virtually digital reality After sharing her vision of Presence with a 1st book in the context of business and marketing to improve customer and employee relations in the digital reality this 2nd book expresses the same desire to preserve the relational quality between us A decade on we need to have an urgent conversation about the very essence of humanity in a world dominated by technology Her vision of digital sovereignty presents itself as an accessible solution that must guide the evolution of the artificial intelligence race and combat unbridled digital capitalism by bringing the digital imperialists to heel It s not a plea for or against artificial intelligence It s a plea in favor of the urgent need to take a collective stand in order to build a future in human dignity with these intelligent machines that are invading us under the pretext of natural evolution To act we need to understand Without pretension but with lucidity you are invited to discover the path and legacy of digital colonialism and even the domination of digital emperors in order to grasp the full extent of its impact on our reality which is anything but virtual Popularized accessible explanations of the issues at stake so as to fully grasp this universe A critical and constructive look at how we can hold the reins of this unbridled wild horse that is artificial intelligence Whether you re a private citizen a worker a company director a civil servant a member of parliament etc everyone is concerned without exception Yes even you especially those who don t feel concerned This is a call for collective mobilization
