[Discovering Public Relations](#) Karen Freberg,2024-02-16 Discovering Public Relations introduces students to the field of PR in a practical applied and hands on way that prepares them for the modern workplace Author Karen Freberg highlights modern and contemporary PR practices emphasizing social media digital communication and creative innovation Understanding that creativity alone can t create success Freberg shows students how to choose and implement evidence based practices to guide their strategic campaigns The Second Edition transforms students into successful PR professionals by giving them the tools to think creatively innovate effectively and deploy research backed tactics for successful campaigns

Qualitative Research David Silverman,2025-11-05 A new edition of Qualitative Research reflects its importance in the field demonstrated by the 11000 citations of previous iterations This sixth edition offers a newly updated introduction to cutting edge issues written by leading scholars in our field Chapters from the fifth edition have been revised and updated by their distinguished authors In addition reflecting the changing face of qualitative research in a digital age five new chapters have been added Narrative ethnography Gubrium Holstein and Marvasti Document analysis Lewis and Atkinson Analysing online data Giles Using AI in qualitative analysis Schmieder Ways of working with Visual and Online Data Danby This new edition addresses what is missing from the methodology sections of many published journal articles As Richard Fitzgerald has pointed out The actual work of doing research is often sanitized or hidden in method reports This collection aims to supply what Fitzgerald calls the missing what of research It also offers a very different take on the nature of qualitative research QR from that found in many other articles and textbooks We argue that QR is a theoretically driven enterprise QR complements quantitative research in particular by entering into the black box of how social phenomena including interviews and focus groups are constituted in real time QR is as much about social

practices as about experience QR is or should be a credible rigorous enterprise As an edited book this is ideal for final year students as well as people beginning masters and doctoral programmes The most comprehensive qualitative research book available it is the perfect all in one companion for any student embarking on a qualitative research course or project It introduces students to the big picture of qualitative research teaching both the why and the how to of getting started selecting a method and conducting research and data analysis It is written by world experts of the highest calibre who are upfront about their analytic positions but distilled into an accessible language and format for beginning researchers who will soon be tackling their own research study whether at an undergraduate or postgraduate level The particular added value of Qualitative Research is that it gives you an entr e into qualitative methods from leading experts in the field who address the needs of students who need to brush up their research skills prior to their own research projects
