AI companies to show the chilling synergy between China's government private sector and surveillance state. He interviews Pentagon leadership and tours U.S. Defense Department offices in Silicon Valley revealing deep tensions between the military and tech giants who control data chips and talent. Yet he concludes that those tensions inherent to our democratic system create resilience and resistance to autocracy in the face of overwhelmingly powerful technology. Engaging and direct. *Four Battlegrounds* offers a vivid picture of how AI is transforming warfare, global security and the future of human freedom and what it will take for democracies to remain at the forefront of the world order. **Major Companies of Europe**, 1994

An Essential Guide to the Processes and Operational Complexities of the U.S. Healthcare System. A Doody's Core Title for 2023. The U.S. Healthcare Ecosystem serves as an expert navigator through the complicated and often confusing environment where healthcare payers, healthcare providers and producers of healthcare technologies all interact. This thorough resource provides expert insight and analysis of employer-based health insurance, pharmacy benefits, the major professions, healthcare consolidation, drug discovery and development, biotechnology and much more. Packed with timely examples and filled with illustrations, *The U.S. Healthcare Ecosystem* will inspire you to think more critically about the business of healthcare and make informed assessments. Features include often neglected topics impacting healthcare delivery such as employer-based health insurance, pharmacy benefits, healthcare consolidation and biotechnology. Highly readable and single-authored by a Wharton Professor who has taught health care delivery and management for over 20 years. Filled to the brim with helpful diagrams, charts and tables, nearly 350 figures complement the text. Every chapter ends with a helpful Summary and Questions to Ponder.
