Zia-ur-Rehman,2025-07-27 AI is inevitable Every organisation has to adopt it The challenge is to do this adoption in spite of
the risks and the pitfalls The transformation methodology DIGI4MATION presented by the author in his earlier book has been
adopted herein as a customised methodology for the implementation of AI in an organisation This customised 16 step
methodology has been named as AI4mation transformation to AI in the fourth industrial revolution This book has been
written as a detailed guide using which an organisation can successfully transform itself to AI using its internal resources
without the help of expensive consultants A comprehensive set of Appendices has been included to give templates of the most
critical deliverables This Guide is based on Lean Six Sigma TOGAF ISO 42001 ISO 37000 series ISO 38500 series and the
ISO 27001 series in addition to other standards Whether you are starting your AI journey or are deep in the throes of scaling
it across your enterprise this book will give you a framework to think strategically act systematically and improve
continuously The author has added three case studies two of them based on actual experience but with masked identity The
third case study that of a hospital is AI generated The author hopes that this Guide proves to be a valuable asset to
organisations transforming themselves to adopt AI and saves them heavy costs of consultants The author remains available
for any further guidance or help at azharzr@usa.net or through LinkedIn The companion Website for this book is ai4mation.org
