**Stephen Goldsmith, Neil Kleiman**

## **How To Choose Best Cities For Remote Workers Ideas:**

**A New City O/S** Stephen Goldsmith, Neil Kleiman, 2017-11-28 Proposing an entirely new governance model to unleash innovation throughout local government At a time when trust is dropping precipitously and American government at the national level has fallen into a state of long term partisan based gridlock local government can still be effective indeed more effective and even more responsive to the needs of its citizens Based on decades of direct experience and years studying successful models around the world the authors of this intriguing book propose a new operating system O S for cities Former mayor and Harvard professor Stephen Goldsmith and New York University professor Neil Kleiman suggest building on the giant leaps that have been made in technology social engagement and big data Calling their approach distributed governance Goldsmith and Kleiman offer a model that allows public officials to mobilize new resources surface ideas from unconventional sources and arm employees with the information they need to become pre emptive problem solvers This book highlights lessons from the many innovations taking place in today s cities to show how a new O S can create systemic transformation For students of government **A New City O S The Power of Distributed Governance** presents a groundbreaking strategy for rethinking the governance of cities marking an important evolution of the current bureaucratic authority based model dating from the 1920s More important the book is designed for practitioners starting with public sector executives managers and frontline workers By weaving real life examples into a coherent model the authors have created a step by step guide for all those who would put the needs of citizens front and center Nothing will do more to restore trust in government than solutions that work **A New City O S The Power of Distributed Governance** puts those solutions within reach of those public officials responsible for their delivery [Summary of Remote](#) SellWave Audio, 2025-11-14 Remote makes a compelling case for why working from home or from anywhere outside the traditional office can be one of the smartest moves for both organizations and employees Jason Fried and David Heinemeier Hansson draw on their experience building Basecamp to show that productivity collaboration and professional excellence don t depend on sharing the same physical space With technology now capable of bringing teams together across any distance they argue that the old under one roof model is no longer the default Instead the modern approach is to bring the work to the worker not the other way around The authors explore how remote work expands a company s access to talent reduces costs lowers turnover and allows teams to operate effectively across time zones But they also focus on what remote work means for individuals the freedom to choose roles based on passion and skill rather than location the ability to design a healthier work life balance and the chance to be more focused and productive by eliminating office distractions They highlight how remote setups can empower workers to structure their days for deeper concentration and greater satisfaction Beyond the larger argument Remote offers practical experience backed guidance for making off site work successful It addresses concerns managers often have about communication trust and accountability while giving workers strategies to stay organized motivated and connected The book

also clears away misconceptions about remote teams proving that distance doesn't weaken performance it can strengthen it when handled well Whether you're a leader considering a shift to virtual work or an employee seeking more flexibility without sacrificing professional impact Remote provides the insights and tools needed to thrive in a world where work is no longer tied to a single location

**Remote Works** Ali Greene, Tamara Sanderson, 2023-02-07 The future of work is here You can no longer survive by copying and pasting old office techniques into a digital environment it's exhausting unproductive and unsuccessful There is a better way Are you ready to rethink everything you know about how remote works Drawing on their years of experience working at remote companies DuckDuckGo and Automattic plus dozens of interviews with leading experts Ali Greene and Tamara Sanderson have written the ultimate playbook for managing remote teams This book addresses challenges such as communicating effectively with fewer meetings eliminating frustration over what tools to use establishing team norms and focusing on getting things done You will learn how to work best remotely and create a workplace designed for freedom flexibility and focus For decades we've planned our lives around our work Now it's time to intentionally design work to fit our lives
