

THE COMPLETE 4-Step Email List

To Convert And Connect With Your Readers

Over here we have the goal: I want to make tons of money from my online business.

And over here we have the reality: I have a website. I'm making some money, but I wouldn't call it "success" just yet.

The question you have been wrestling with for months now is, "How do I get from my reality to my goal?" Or in other words...

How do you turn your website into a real money-maker?

Email Marketing Basics

Step #1: Create Your Email List

- Immediately start your free account with MailChimp
- Select "Lists"
- Click "Create List"

At CoSchedule, we use CampaignMonitor which is awesome if you'd like to position your email list for massive growth from the get-go.

Step #2: Optimize Your Website For Email Collection

Think simple and then think simpler:

- Simple design
- Single goal
- Necessary features only

If you want to build a serious email list, this has to be the #1 goal of your website.

- Immediately axe anything that doesn't facilitate email signups.
- To collect email subscribers effectively, you need:
 - Some form of compelling lead magnet
 - Above-the-fold email opt-in CTA
 - Email opt-in popup
 - End-of-content email opt-in

Create A Compelling Lead Magnet

You need to be able to compel visitors to become subscribers. Have something valuable in exchange for their email addresses.

There is virtually no limit to what you can use as a Lead Magnet:

- Restricted resource library
- Topical e-book
- Collection of templates

Wayne,2019-01-15 Online Income Generation Evolution One of the most well known cliches is the warning against placing all of one s eggs in a single basket Like most oft repeated sayings that prohibition contains a very large kernel of truth The wisdom of avoiding putting too much stock in any one thing holds particularly true of online home business owners Those who concentrate their online business plans on the promotion of a single product or on the implementation of a limited single strategy may be able to produce profitable results However a single change in the relatively volatile online marketplace can render their months of hardwork almost valueless within days That s why the smartest online business owners avoid stuffing too many valuable eggs in a single basket Instead they seek out and take advantage of multiple income streams Doing so has two chief advantages First of course it can insulate one from disaster By having many independent means of making money one can survive a downfall in a single moneymaking area without experiencing an emergency Those who don t have alternative income streams in place may find themselves upside down very quickly if a major change or problem occurs with their primary earner In such with a good moneysense having multiple revenue sources acts as a hedge bet or a form of insurance against change or unforeseen circumstances Second those who develop multiple income streams for their online home business are able to earn larger sums and to do so with greater consistency Those who have several ways to generate revenue can really build an impressive income when everything is going well while still being protected if a problem should ever arise in one area of their business That is really learning to appreciate Online Income Generation Evolution with many ways to earn is so attractive you make more while risking less Anyone relying on a single product or idea should instead look to add additional means of generating income to their online business plan If you are considering starting or growing your online business take great care to avoid placing too many eggs in any single basket Instead find plans that will allow you to benefit from multiple income streams They are an important key to online home business success *How to Become an Amazon Bestseller*: Jonathan K.
